DONALD BING, EDITOR-IN-CHIEF

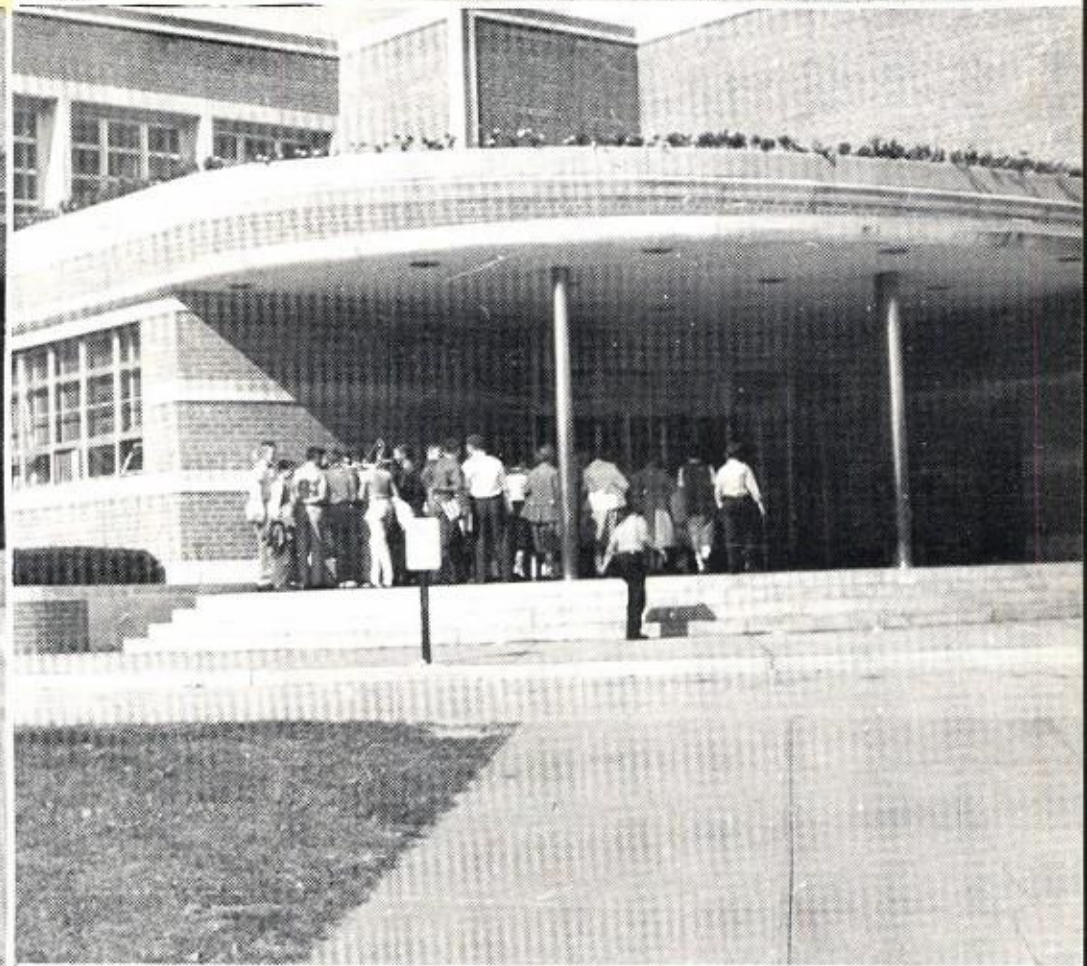

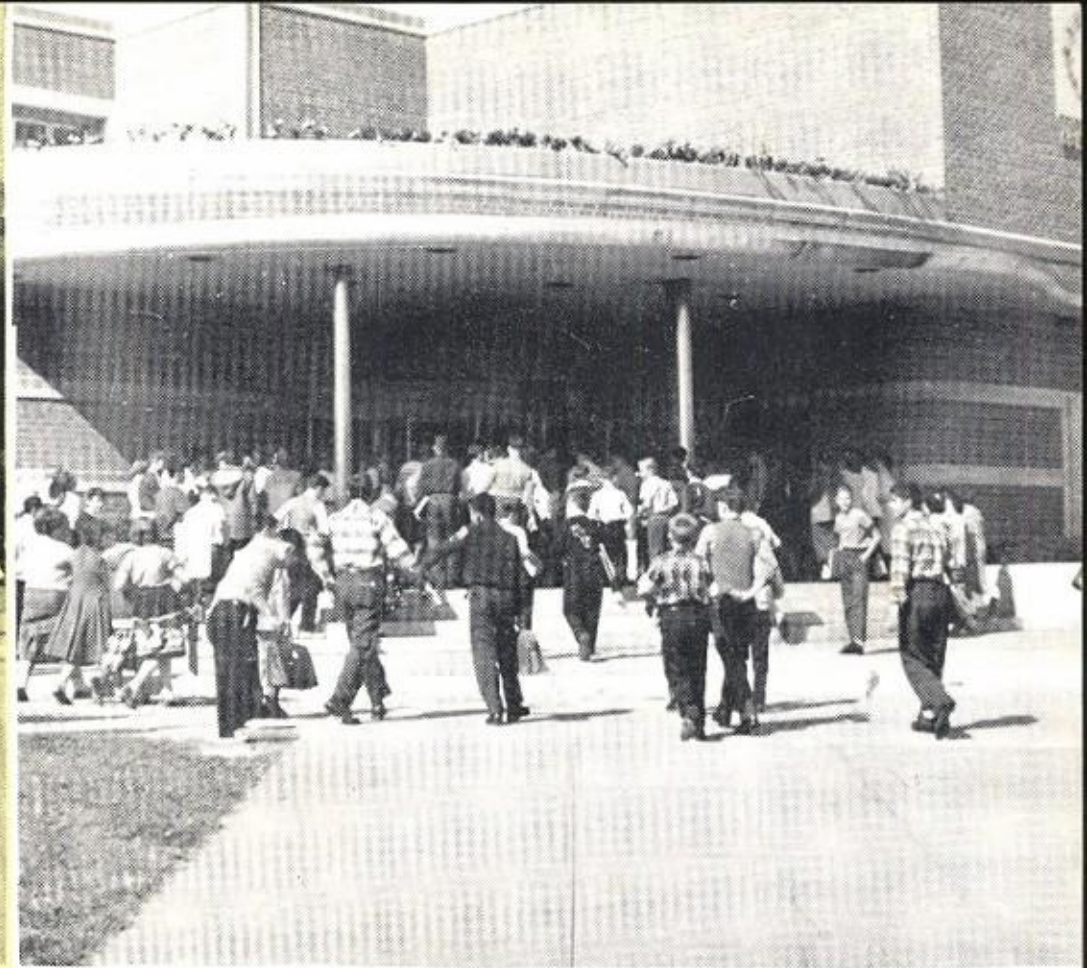

WEST HEMPSTEAD, N. Y.

*Since time immemorial,
motion has played a dynamic role in the advancement and survival of civilization.
Motion is progress. Starting with a crude wooden wheel,
man, ever forging ahead,
has reached the stage of complex vehicles
and machines and
continues on into the boundless regions
of space.*

*West Hempstead High School
is flowing with constant **motion**
Our scope of education has been widened to encompass
a varied and greatly improved curriculum.
Now the student
can step out into the moving world,
prepared for the ever constant
motion of life.*

*Turn, turn, my wheel! Turn round and round
Without a pause, without a sound:*

*So spins the flying world away!
This clay, well mixed with marl and sand,
Follows the motion of my hand;
For some must follow, and some command,
Though all are made of clay!*

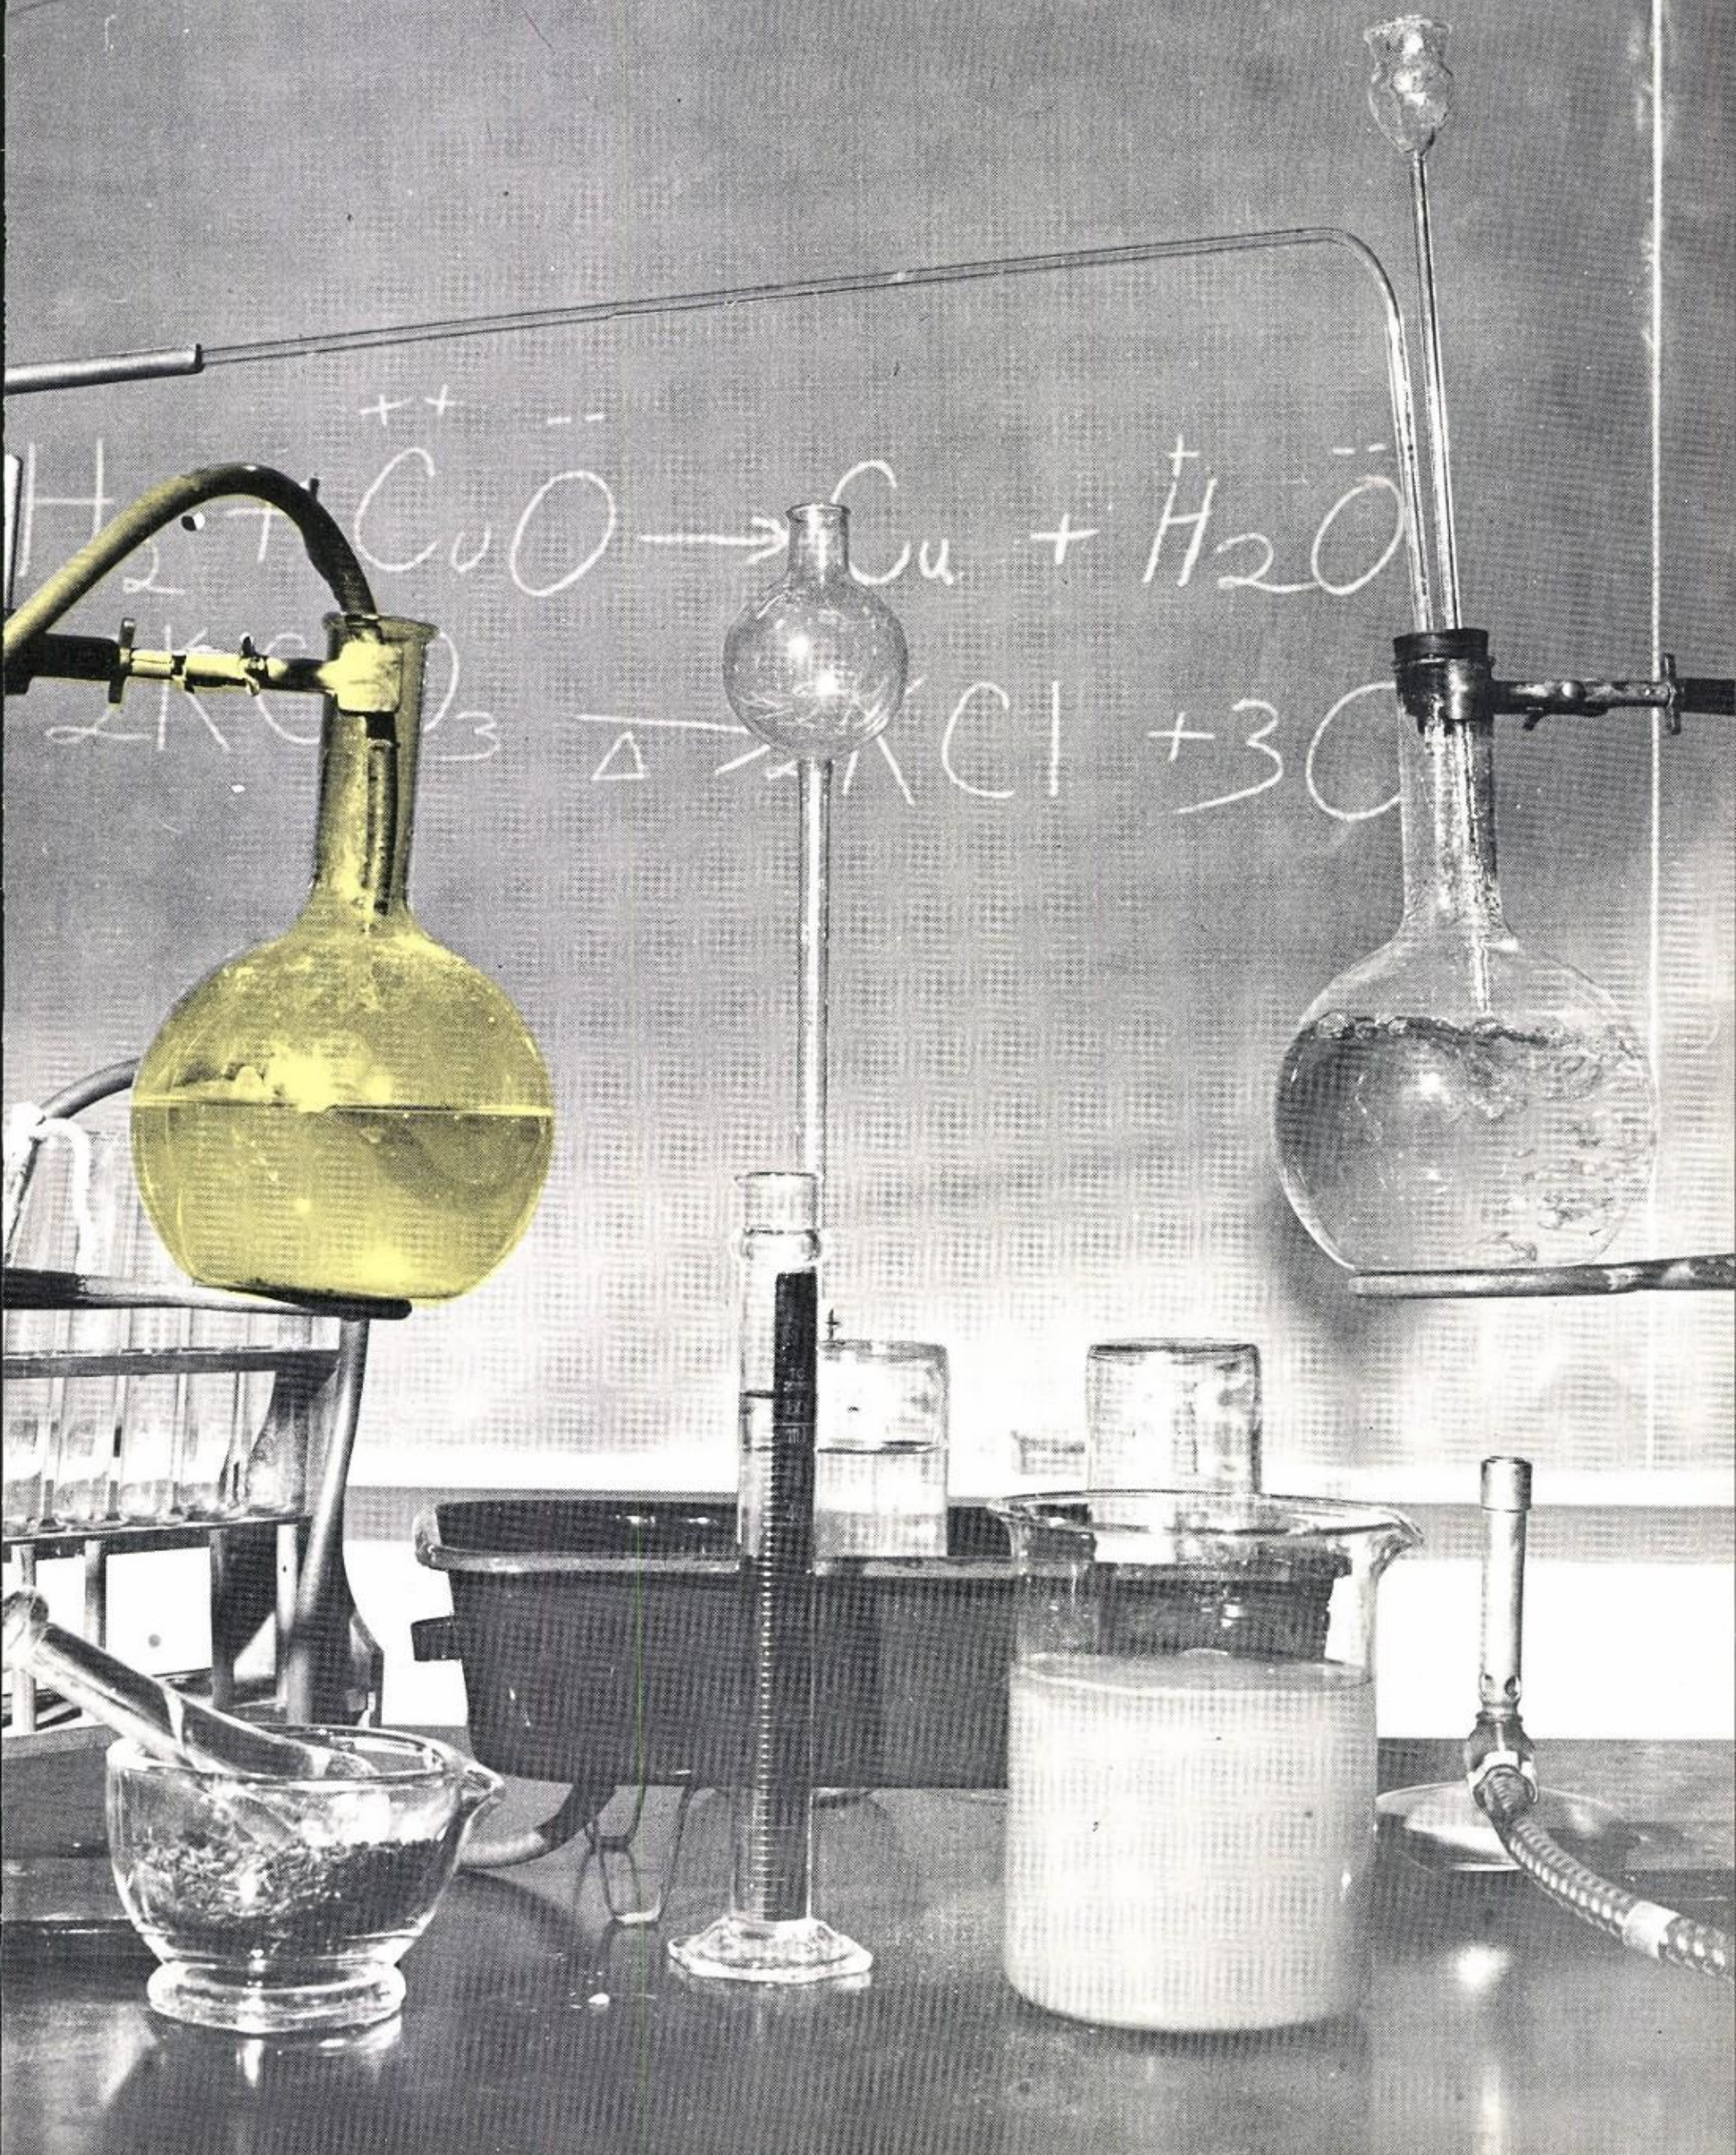

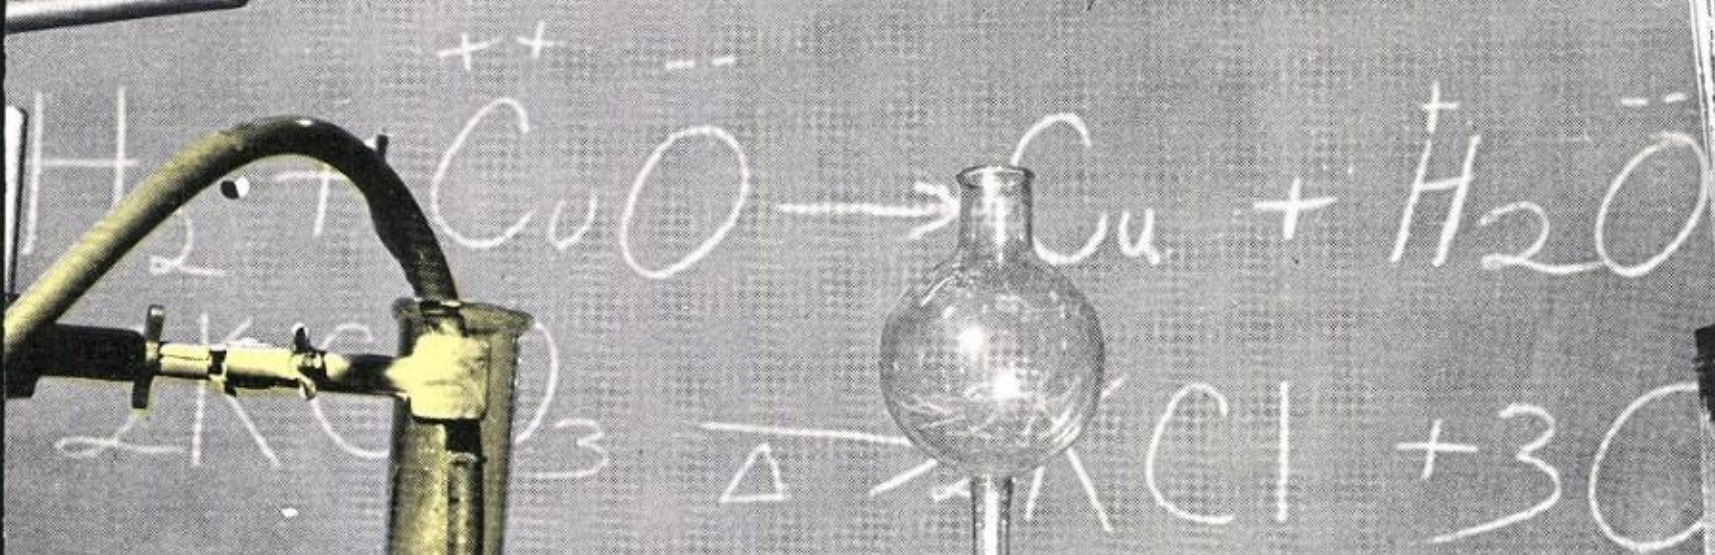

Henry Wadsworth Longfellow

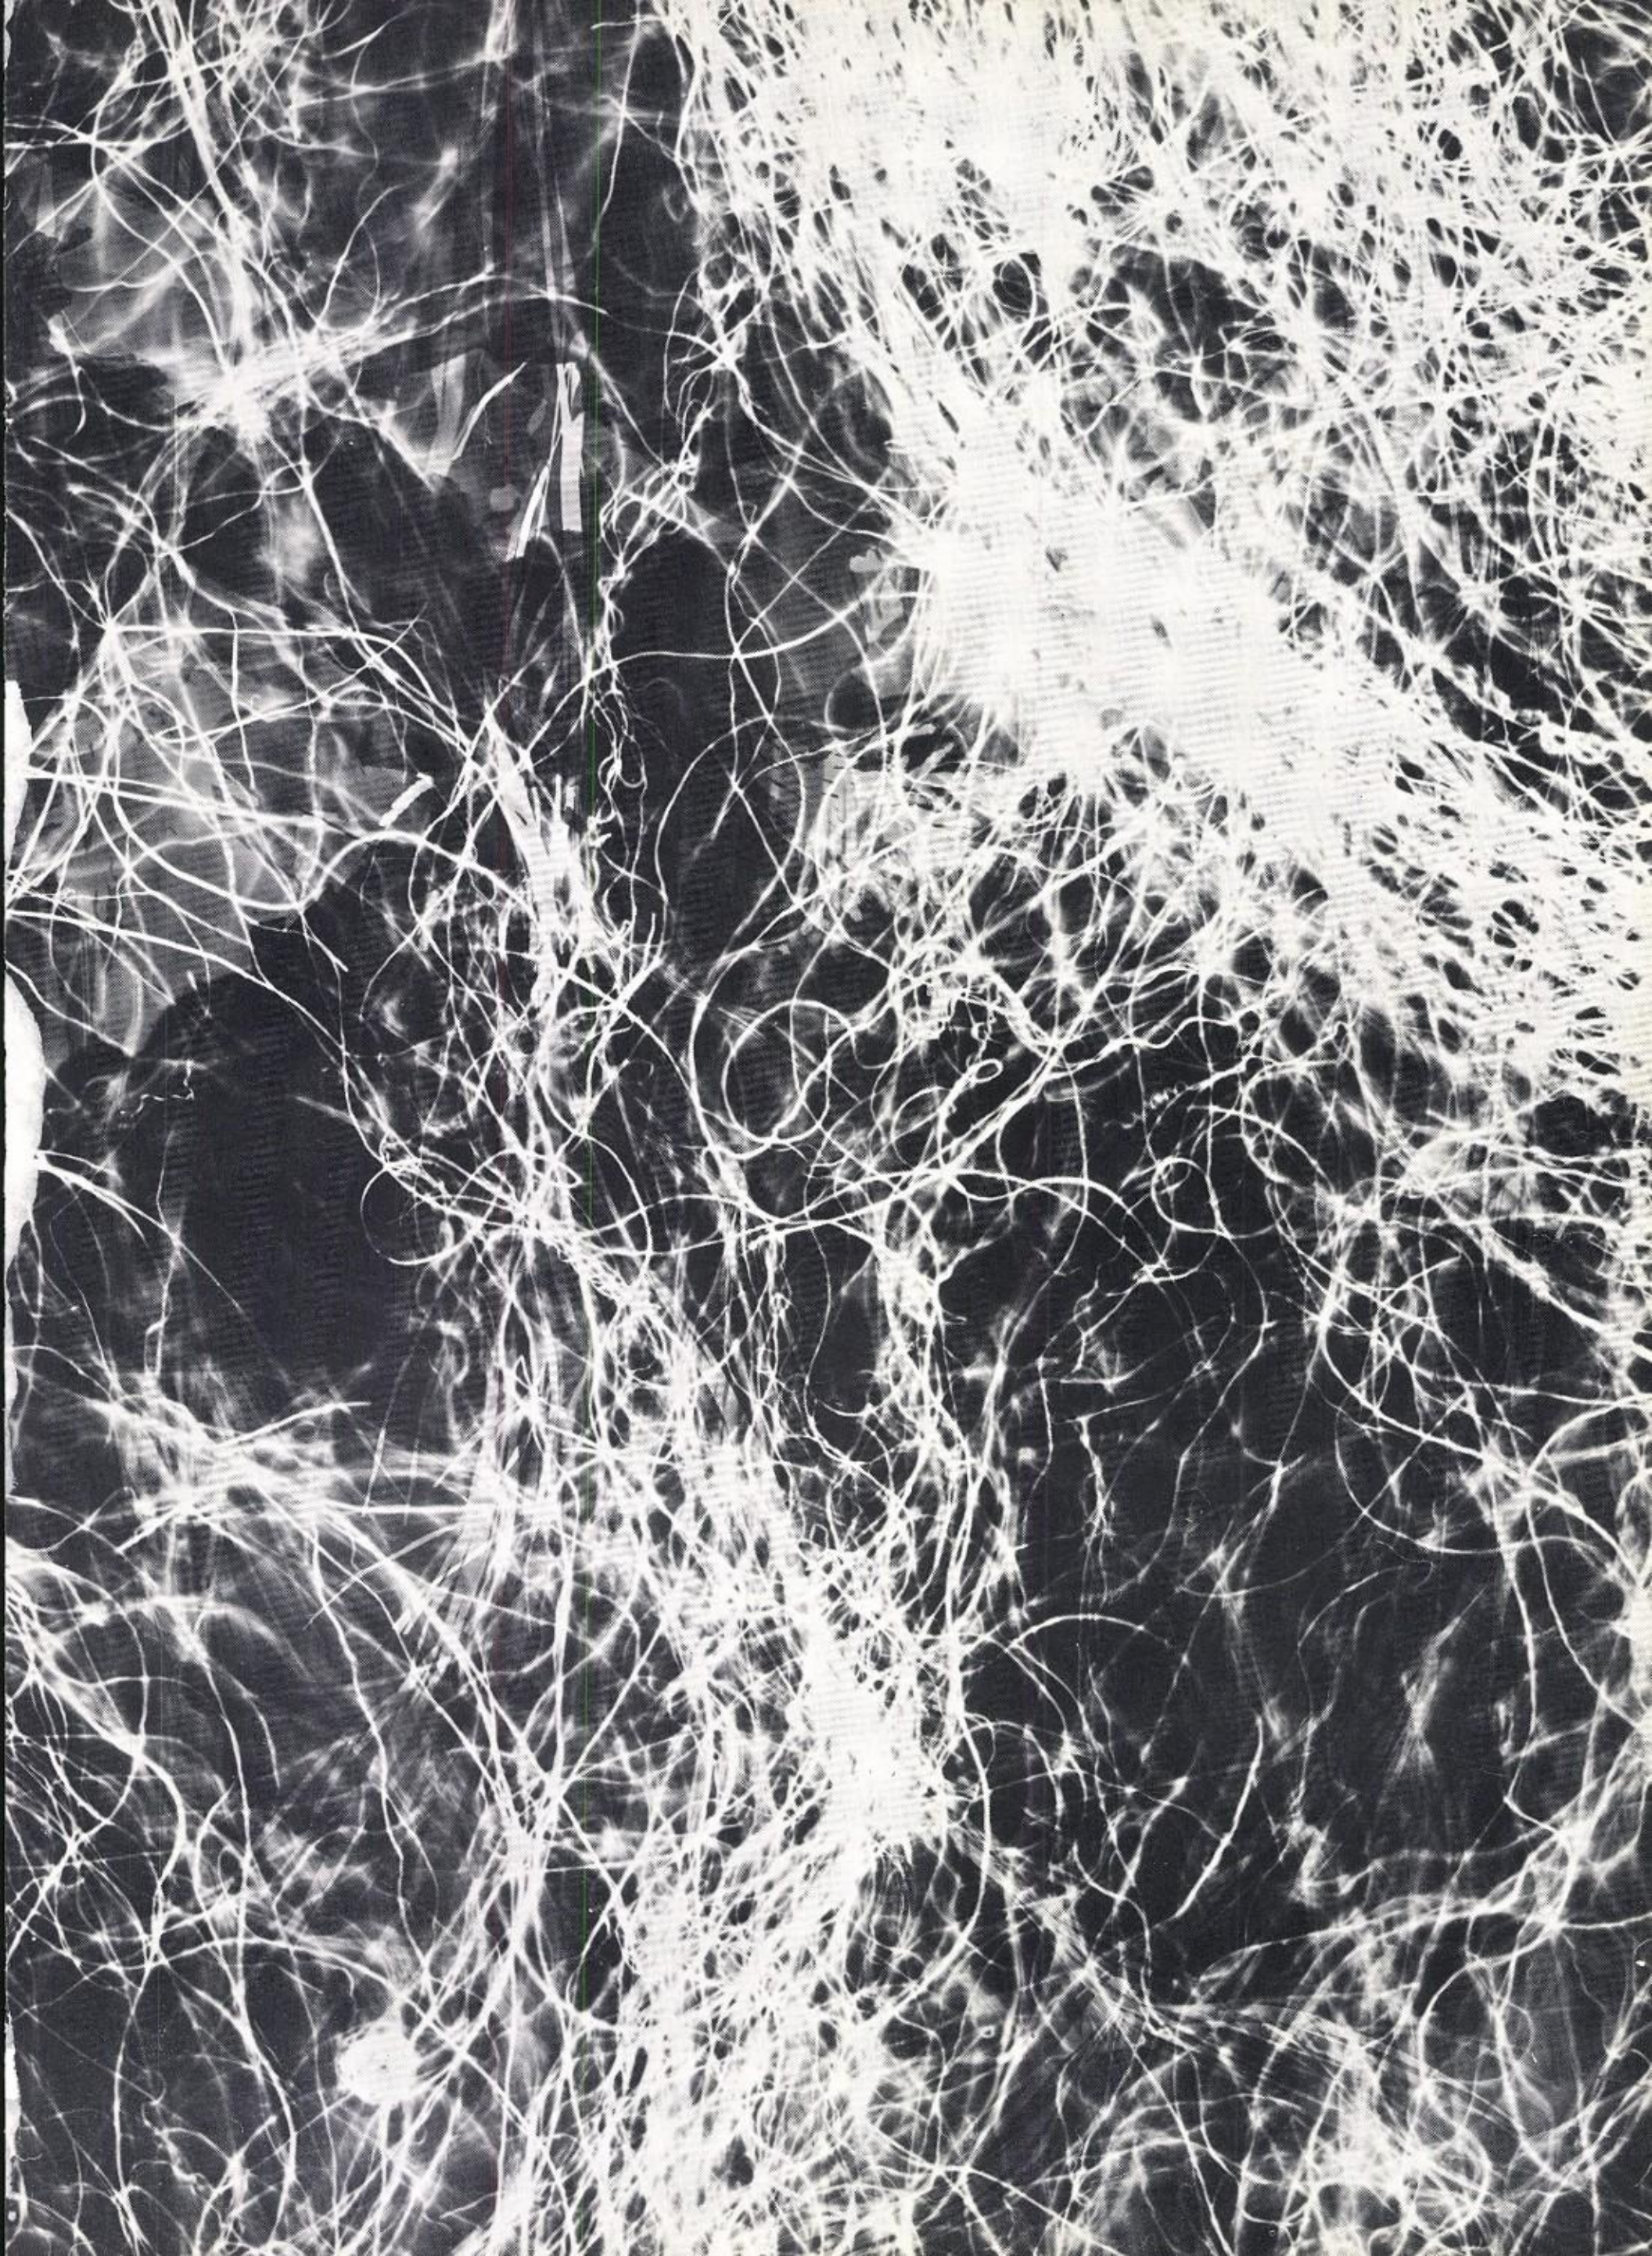

*As on the smooth expanse of crystal lakes
The linking stone at first a circle makes;
The trembling surface by the **motion** stirr'd
Spreads in a second circle, then a third;
Wide and more wide, the floating rings advance,
Fill all the watery plain, and to the margin dance.*

Alexander Pope

*Autumn to winter, winter into spring
Spring into summer, summer into fall,
So rolls the changing year, and so we change;
motion so swift, we know not that we move.*

D. M. Mulock

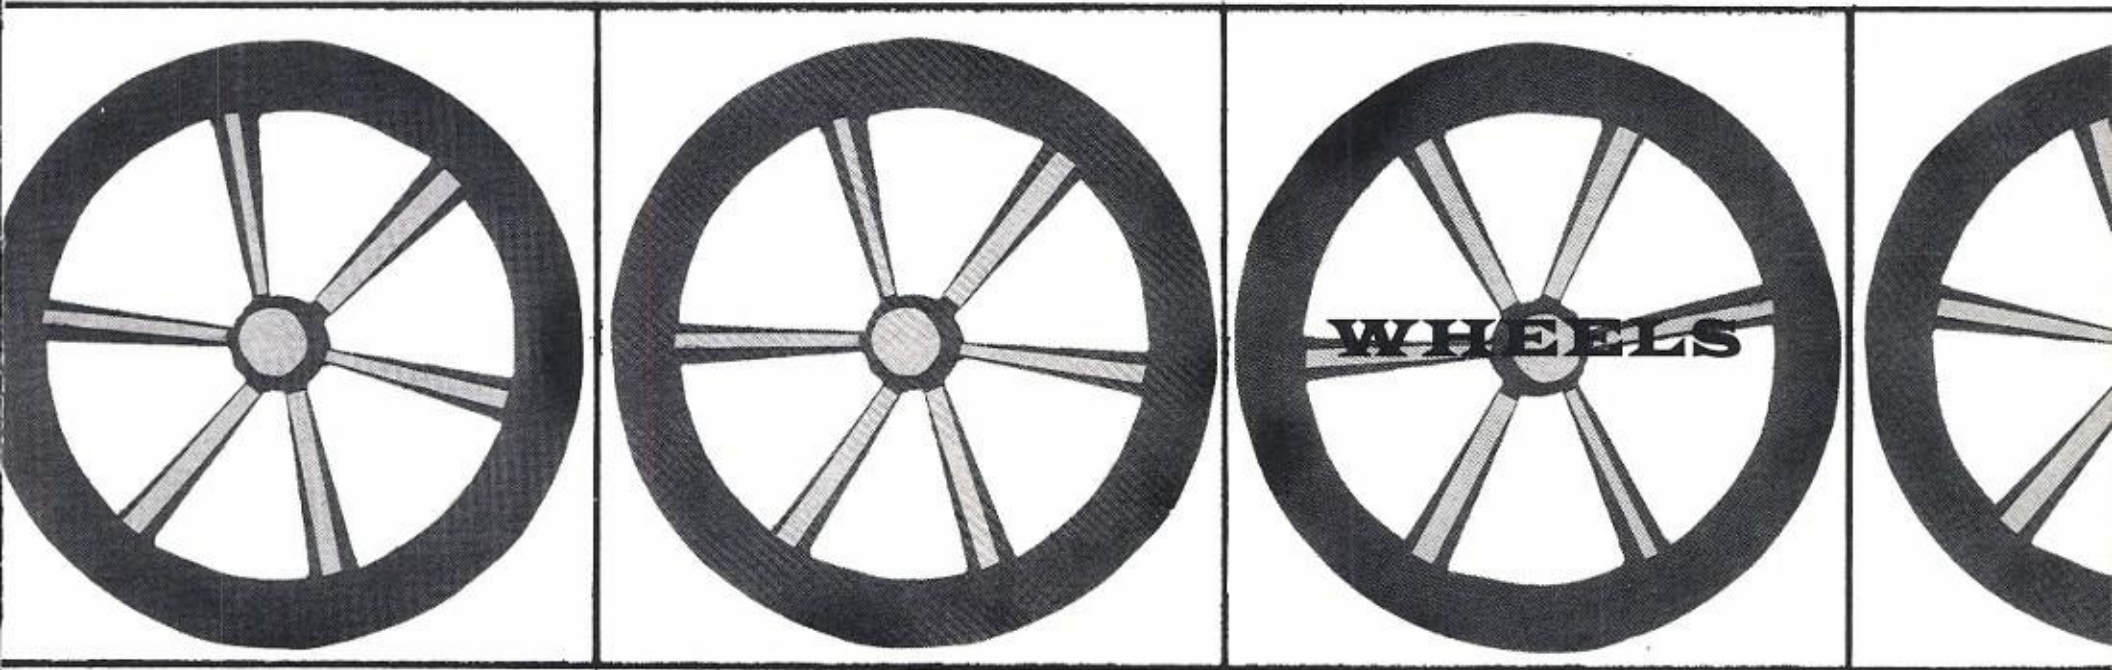

We wish to express our thanks and appreciation to Mr. Daniel Sullivan, a man who has unselfishly given years of devoted service to the West Hempstead school district. Mr. Sullivan, with his cheerful attitude and sympathetic nature, has won the respect and admiration of both students and faculty. To this capable leader and warm friend we dedicate the 1959 WESTERLY.

DEDICATION

ADMINISTRATION

The members of the Administration are those who oil the bearings, grease the surface, and preserve the structure of each whirling wheel in order that the West Hempstead school district may function smoothly. We thank them for maintaining the continuous forward motion of our school by their unselfish and unceasing work.

The Board of Education: *left to right*: Mr. Gerhardt; Mr. Bennanati; M. Weinstein, President; Dr. La Pook; Mr. Zabriskie; Mr. Merrifield and Mr. Gough.

Education in order to be effective must be continually in motion, changing, adjusting and developing new ways to improve on our present program. What was good enough for our forefathers is not good enough for us; for if we are to survive in the present world filled with automation, space ships and different ideologies, we must do some serious thinking.

The placing of a satellite in orbit in October, 1957, set up a chain reaction which has generated more positive movement toward the improvement of our educational system than any other event or series of events in the history of our country or of the world.

It is obvious that we have entered the era of science. Our entire culture is becoming more enmeshed in and dependent upon scientific developments.

Equally significant to our progress in science is the need for better human relations and understanding of different cultures—for as surely as science has solved some of man's problems, it has also created other problems which were non-existent two years ago and which must now be given careful consideration. Problems are not solved by hysteria and emotion but by sound judgment and determination. If we are to develop in our students the traits necessary to meet the challenge we must put into motion the machinery to evaluate our present system and to implement the necessary changes. If we are not willing to put forth the effort to meet that challenge, the scientific era may well bring to us chaos and despair rather than comfort and security. We must and we will meet that challenge.

The tornado tears its way across the countryside exercising its influence in a narrow erratic series of violent actions. It is soon dissipated and nature goes on her way only temporarily affected by the outburst.

The glacier creeps along its chosen path and no single generation feels the effect of its motion. But the effect is there, and eventually the entire pattern of human life bows with nature to the result created by this measured, irrepressible movement.

And so nature learns to adjust to movement: movement of the moment and movement of the ages.

We humans must also learn to adjust. Each of us must experience for himself the results of action inspired by temper as well as the normal pattern of behavior. There are times when we must experience rapid and even violent motion in our lives. There are also times when we bear witness to the slow deliberate movement that so often brings a more stable and permanent achievement.

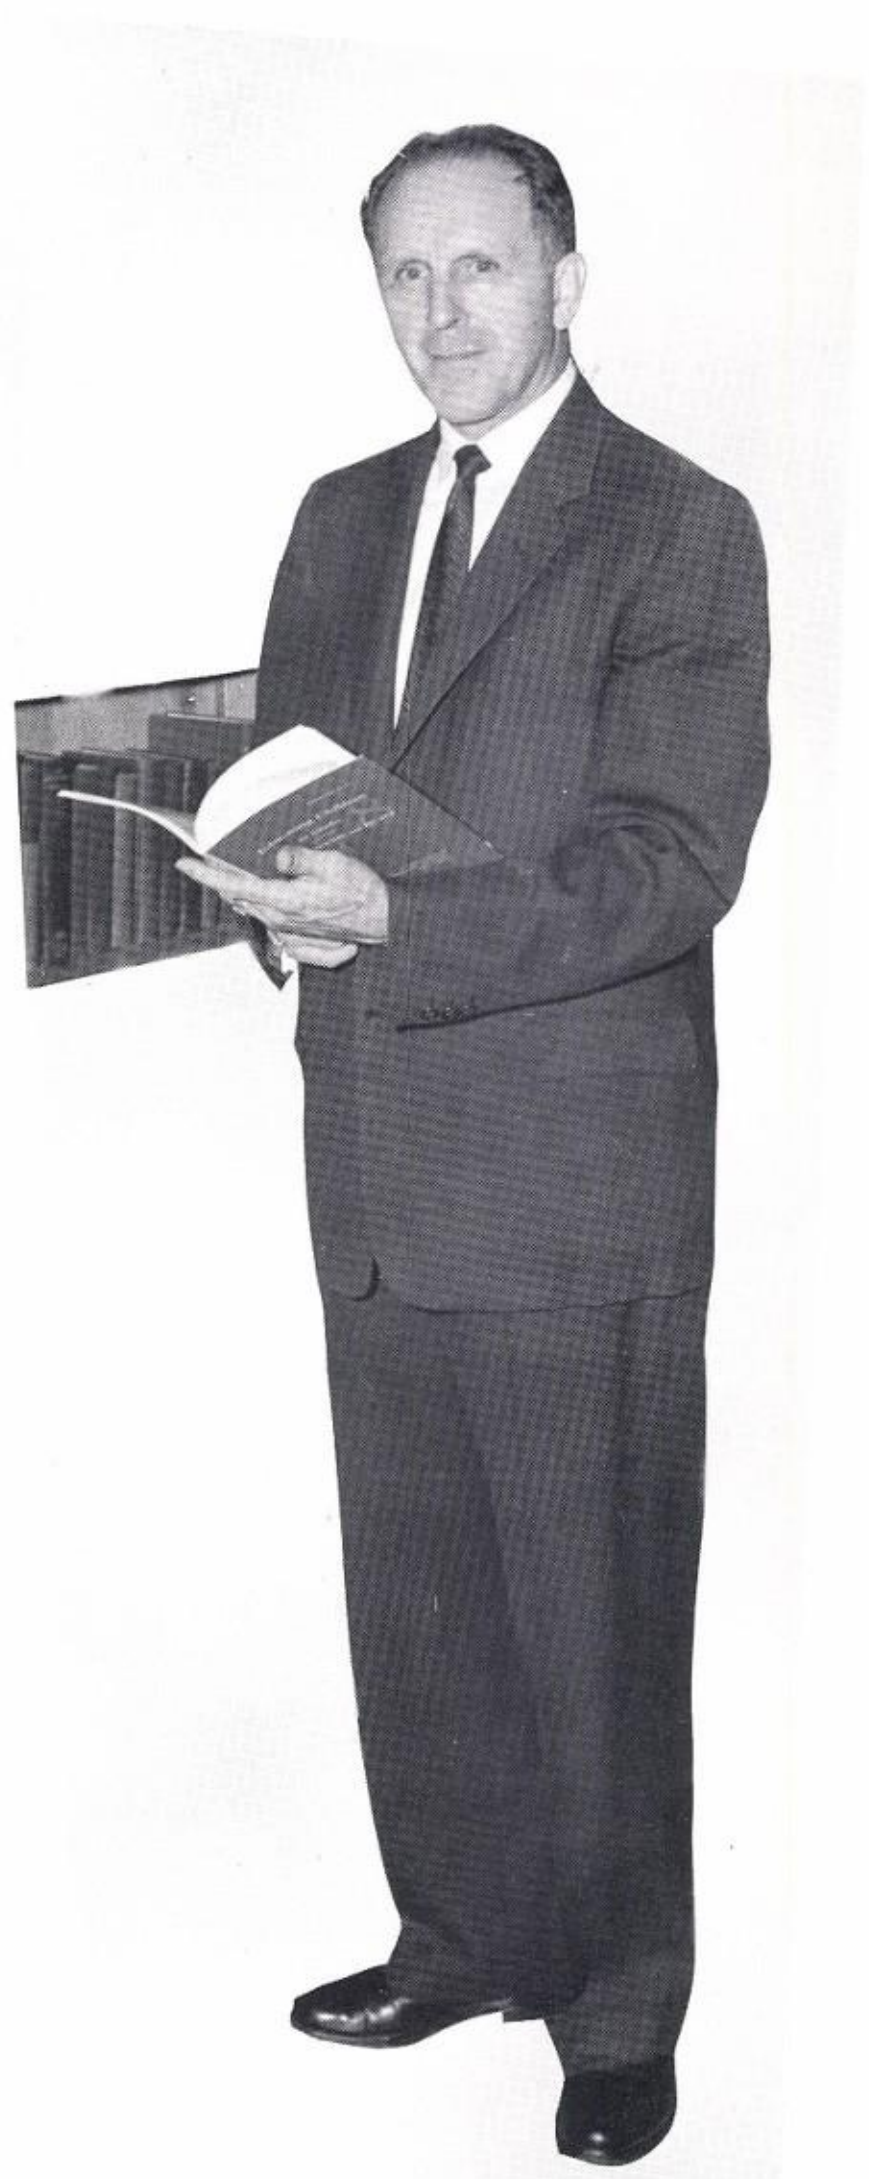

Think carefully of the effort you are willing to put into your living as well as what you expect from it. Your decision will determine the kind of person you will be and the kind of world you will help create.

There is excitement in the act of shooting the rapids, but the joy, the sense of achievement, the sense of well being is found only as you sail the calm waters found after the rapids have been left behind.

GUIDANCE

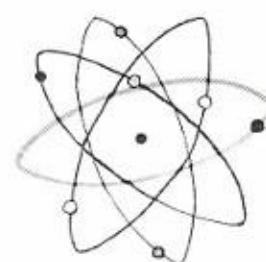

The wheel of West Hempstead High School requires a steering mechanism to keep it moving in the right direction. The Guidance Department performs this vital function. Here services are provided for teachers, the school administration, parents and community, in working with specific problems; the vast maze of schedules is carefully constructed; interviews, college applications, and vocational opportunities for seniors are handled; various studies are undertaken in educational research; the eternal teenage problems are counseled with insight and understanding. It is the work of the Guidance Department that makes our high school education truly purposeful.

Mrs. Alice Moore, left, and Mrs. Esther Kranick
Guidance Secretaries

FACULTY

Faculty; Always in motion, guiding us along the ever winding paths of knowledge. It is to these dedicated men and women that we, the students of West Hempstead High School, offer our sincerest thanks.

PRESENTING THE SENIORS

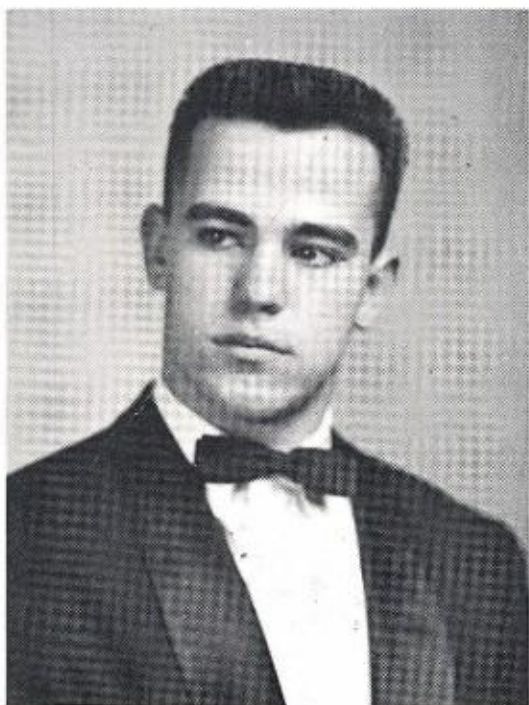

Seniors! Excited and spirited, proud of our class, taking advantage of this marvelous last year, filled with contrasting emotions, looking forward and looking back . . .

Our first year—the awesome newness—strangers from diversified places arrived at an incomplete shell. The confusion—carpenters hammering and drilling to finish the shell, and we, the first seventh graders struggling to acclimate ourselves. Gradually strangers became friends, worked together to build a class, to plan events, to leave traditions that would furnish the shell.

Memories now: Of the “Eight Ball,” our first class dance, now an annual affair; of the ninth grade when the younger classes stood as we entered assemblies; of the tenth grade when we were slightly lost again; of greeting card sales—raising money for our beautiful Junior Prom and our eagerly anticipated senior year.

Special Senior memories, unforgettable fun, adding two extraordinary and mischievous members to the class register—Harvey, the 6' 1-1/2" pooka of our Senior play, and Rajah, the ram, '59's contribution to school spirit. Senior week—crazy hats and a class picnic, the Washington Trip????!. and the luxurious senior ball. Finally the culmination of our six years in high school, June 21st—Graduation.

Now striving forward, adding our dreams to humanity's, helping to direct a world's motion . . .

SENIOR CLASS COUNCIL: (Bottom row, left to right): V. Wills, B. Gilde, R. Schmitz, L. Yassky, J. Covello, E. Trachtenberg, R. Gottberg. (Second row): B. Sternfeld, N. Gerken, P. Becher, V. Coleman, M. Murphy, J. Mendres, S. Hobby, B. Schmitt.

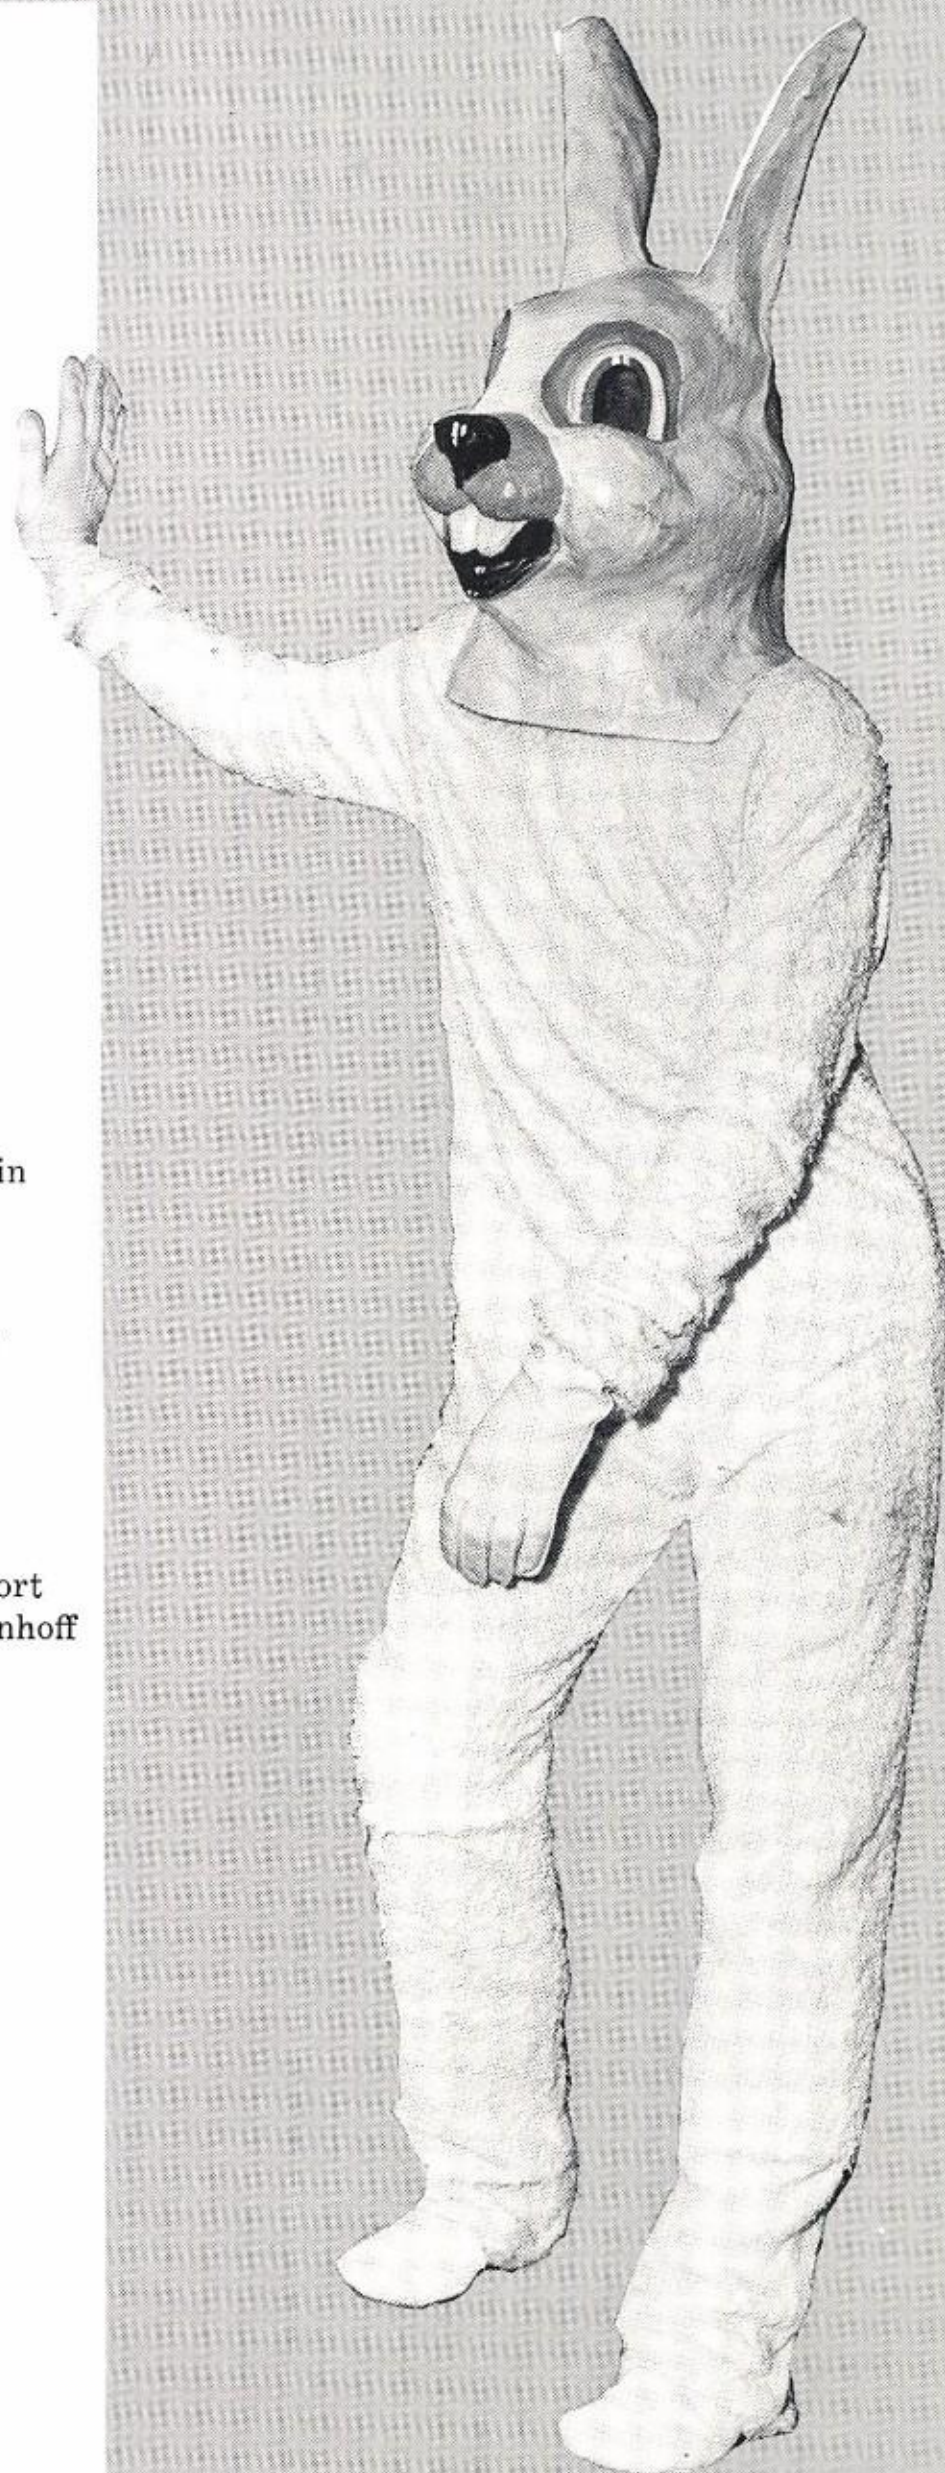

A big success for the Senior Class was its hilarious rendition of Mary Chase' delightful comedy *Harvey*. Many hours were spent in rehearsing, building sets and fulfilling the myriad small tasks vital to a full scale production of this sort. The exhaustive work contributed by all those concerned with the play resulted in two wonderfully entertaining evenings which will be long remembered by students and community alike.

The way from seventh grade to twelfth grade is long and hard. It is one in which many changes occur in the student and the curriculum. The uncertain and anxious seventh grader soon overcomes his inhibitions and finds himself in eighth grade. More confident of himself, more stable in his studies he constantly moves onward, studying, forming new friendships and making a reputation for himself.

Another year flies by and the student is at the end of his junior high school career. He is now an honored and respected person. The biggest move

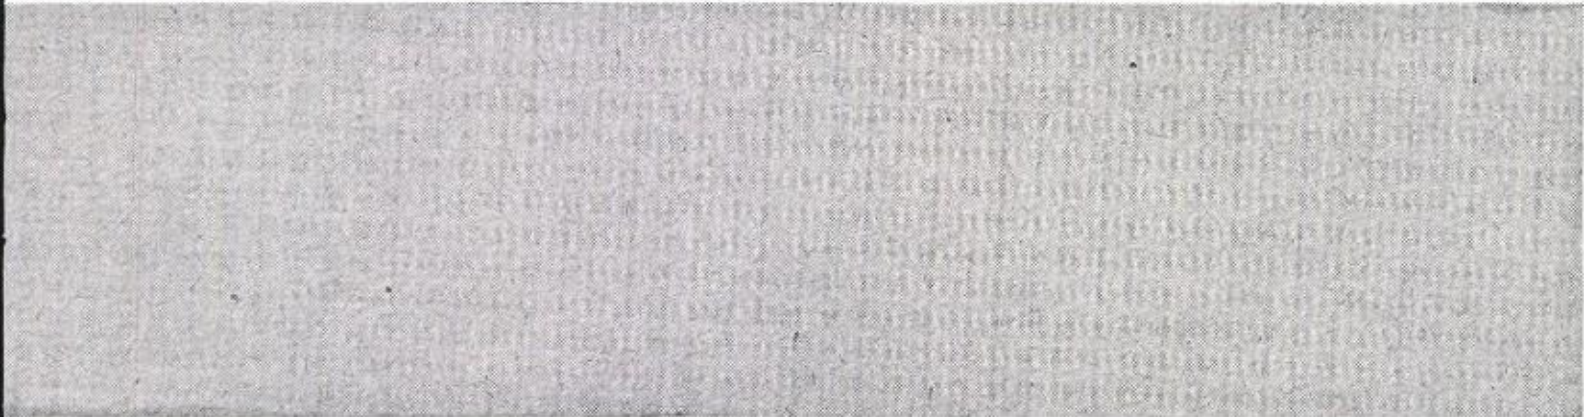

THE STUDENTS

the ninth grader must make is that from junior high to senior high. Once again the student is not certain of himself but he soon realizes that he is in a new and exciting world of studies, activities and revelations.

The years continue to pass with unbelievable speed and the active eleventh grader discovers a sharp conflict between his desire to enjoy himself and the need to concentrate and to achieve scholastic abilities. It is with a joy touched with regret that the eleventh grader nears the end of his underclassmen days and moves onward to new experiences.

SPORTS

MOTION, the science of the physicist, is a continuous change of position. To the sports enthusiast, these changes are the very essence of the game. The excitement of a forward pass or a baseball hit high into the sky is electrifying to the fans in their seats. They applaud, laugh or mourn in a single surge of emotion. Power, too, is expressed in motion. A 250 pound fullback charging through the line is power in action. The basketball swishing through the net shows physical laws channelled into motion. And, demonstrating the sheer grace of motion, we see the cheerleader as she leaps high into the air.

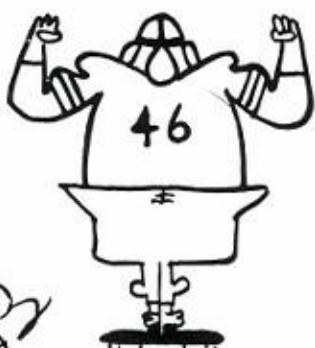

FOOTBALL

Football: The football team this year playing with a large number of first year men, turned out a sub-par record of 1 and 6. Mr. Nicholas Salerno, and Mr. Alex Cotsales, coaches, depended upon, and based their plays around returning veterans Paul Binder, end, Joe Pisciotta, guard and center, Richard Ainbinder, guard and center, Barry McArthur, Mike Guida, Ray Miscovsky, and Steve Galgano backfield men. The experience the new men received this year will not go to waste, because next year the team will be dependent upon them.

VARSITY FOOTBALL TEAM

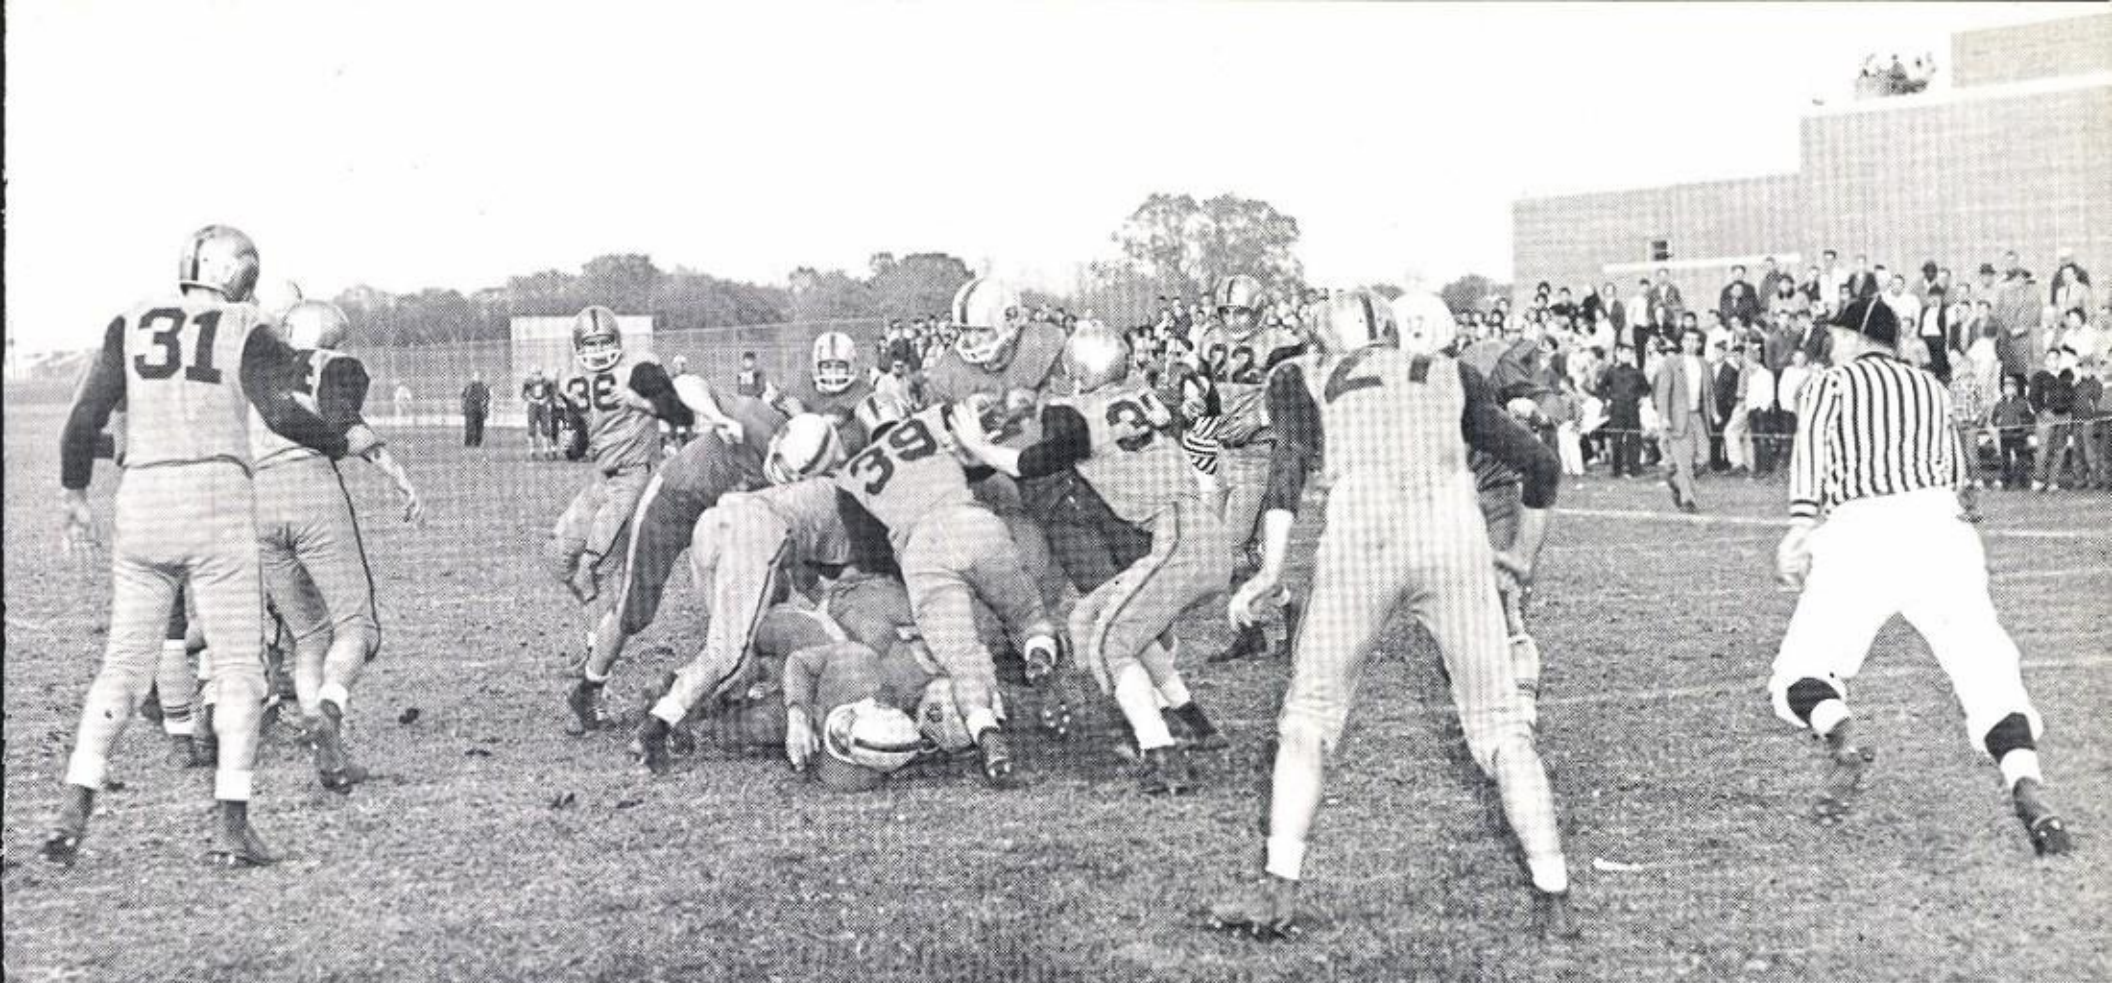

First Row: Steve Roy, Walter Okpych, Mike Guida, Winston Jagger, Barry McArthur, Richard Ainbinder, Steve Galgano, Ray Miscousky, Mr. Nicholas Salerno, Mr. Alex Cotsales.

Second Row: Roy Marcantonio, Charles Peluso, Joe Pisciotta, Alan Gunston, Ed Margulies, Bill Fischer, Bob Flach, Paul Binder, Billy Egbert, Jim Nelson.

Third Row: Tom Swen Gros, Alan Wallach, Jerry Dessart, Mike Bauer, Jim Guida, Joe Mahoney, Ed Anderson, Bob Moir, Rich Andjuck, Jim Holly.

Top Row: Russel Eaton, Stu Goldberg, Bill Francis, Garet Hotrich, Ken Bonkowschi, John Sabatini, Richard Geller, Jack Kaplan, Marty Beverly, Neil Murphy.

FRESHMAN FOOTBALL

First row: Jim McDermott, Bill McWilliams, Mike Ferriera, Bill Burchard, Leslie Herbert, Bill Ritch, Bob Montgal.

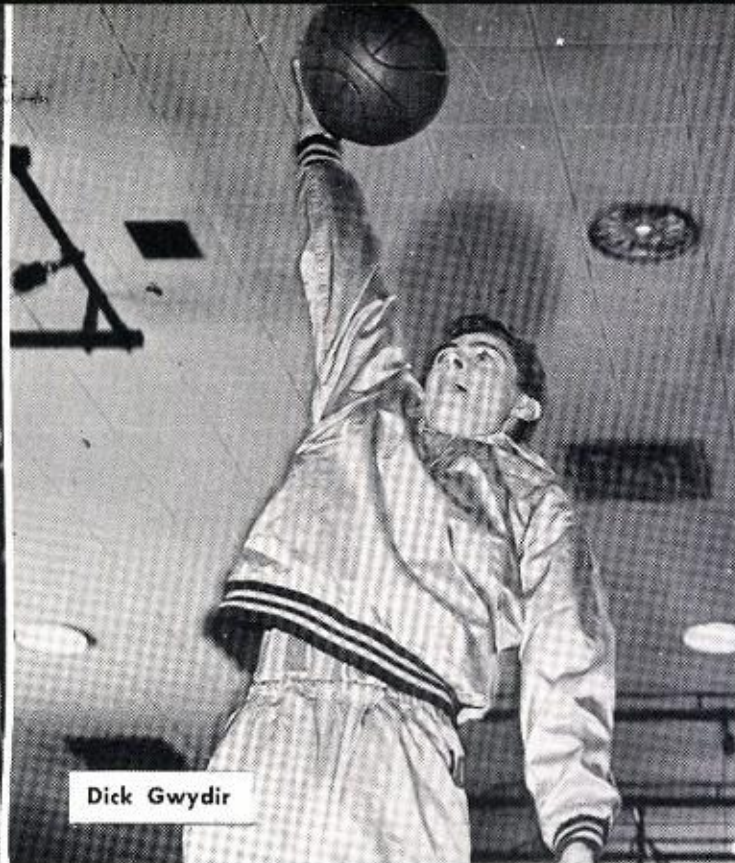

Second row: Del De'Marino, Ray Riporiella, Curts Cox, Mark Shep, Marty Hunt, Bill Wyrostic, Richard Faustman.

Top row: Peter Koehn, Alan Abbott, Cal Cleveland, Roger Schlobin, John Thompson, Chuck Barrett, Bill Schraer.

Dave Greenberg

Dick Gwydir

Roger Peskin

VARSITY BASKETBALL: The Varsity Basketball team under the expert direction of Mr. Robert Jahelka posted a 12 and 6 record in spite of the fact that the team was hindered by the injuries of many of its players. Dave Greenberg and Tony Demasco both played the corner, and proved themselves double threats with their combinations of shooting and rebounding prowess. Roger Peskin by his outstanding driving maneuvers and fine outside shooting was invaluable to the team. Benny Morris' team spirit and play making ability made him a great asset to the team. Dick Gwydir's inside shots and rebounding, helped in keeping the score in our favor. Winston Jaegger, Barry McArthur, Jack Insinga, Vin Sena, Bill McCabe, Ray Miskovsky, Tom Fegan, and Bill Wahl completed the team.

BASKETBALL SCORES:

Mr. McDonald, Coach, Steve Eckland, Jim McDermott, Ray Sorg, Bill McWilliams, Dan Whalen

First Row:

Ira Weissman, Jeffrey Ambers, Gary Mesibov, Bruce Adee, Bob Ryder, Ken Sternfeld

JUNIOR VARSITY BASKETBALL: The J.V. team under the coaching of Mr. Raymond Stauder turned in a fine 9 and 5 performance. The team was sparked by Steve Bloom, who was high man with a 15 point average. Barry Horowitz and Fred Pilitz, two outside men, helped the team by their shooting and playing ability. Ed Rothwell, and Ken Abbey were the big men under the boards.

BOYS JUNIOR VARSITY BASKETBALL

Top Row:

Bill Brodsky, Dan Collozo, Ed Rothwell, Alan Turner, Bob Gregor, Mr. Stauder, Coach

Second Row:

GOLF

Top row: Gene Kintgen, Steve Bloom, Alan Gunston, Mr. Stauder, Coach.

First row: Ronald Metzger, Richard Goldberg, Richard Gillison, John Halfman.

TRACK

Track in 1959 looks very promising. The squad, coached by Mr. Bob Jahelka, will include sprinters Ken Miller and Norm Leiberman, distance men Ed Margulies, Frank St. Clair, Ron Reese, high jumpers Roy Zider and Ken Abbey, and hurdle runners Stu Antzis and Jerry Dessart. Star Broadjumper and pole vaulter will be Tony DeMasco and Roy Zider, respectively. Marco DeBernardo, Mike Guida, Ken Banse, Richard Ciasca and Richard Gordon will throw the discus and shot put.

Many of us tend to slight those activities in which the girls of our school participate. Before joining any team, the girls have to tryout and compete under the same standards as do the boys. The pictures which appear on the following pages are of those girls who have won the hard-fought positions on the various teams.

- a first bed of ashes, born of a flintrock spark
- a gleaming bronze spearhead
- a clay tablet bearing strange symbols
- a crude wooden wheel, born at the hand of a Sumerian craftsman
- a simple awesome pyramid, straining its bulk against the sky
- a great wall, spanning the width of a continent, mortared by the sweat of many men's labor
- the call of trumpets, the furor of coliseums, the splendor of temples, the tramp-tramp-tramp-of marching feet
- a wood cross, bearing the agonized weight of one man
- a glorious song of the human valor in a French noble soldier
- two unequally heavy stones dropped from the tower at Piza, and a newly discovered continent
- the tragic and comic dramas of an Englishman, both encompassing the spirit of mankind and reshaping the physical concept of the theater
- a New World of new empires, new wealth and new hopes
- a fresh emergence of artistic culture, patronized by a wonderful and awful Sun King
- a shot heard round the world, bloody snow and a valiant Declaration of Independence
- a newly emerged Man of Destiny, determined to conquer the world
- the iron fists of Bismarke and Garibaldi merging and strengthening states into nations
- the exotic world of the Orient, offering now to the western nations an Open Door and her wrists for shackling
- a new and horrific experience for the race of man: world war
- a time of wild revelry and a time of great want
- the degeneration of a society founded in the utopian teachings of an economic philosopher into an autocracy ridden with fear and greed
- a stupefying force, one which can as easily build as annihilate a city
- a sphere of gleaming steel, hurled from the womb of the earth and arching high in the stretches of suns

thus . . .

*. . . the time-river
descends past newer and more glorious ages
fresh bodies joining the swirling rush
where others fall aside
perhaps
the motion of the stream's course
will loose a massive stone
and plug the riverbed
stopping forever the great flow
or, more profitably
the current will surge onward
to some great sea
and disperse in all directions
carrying with it these bodies
(our own)
to the furthest reaches of the universe*

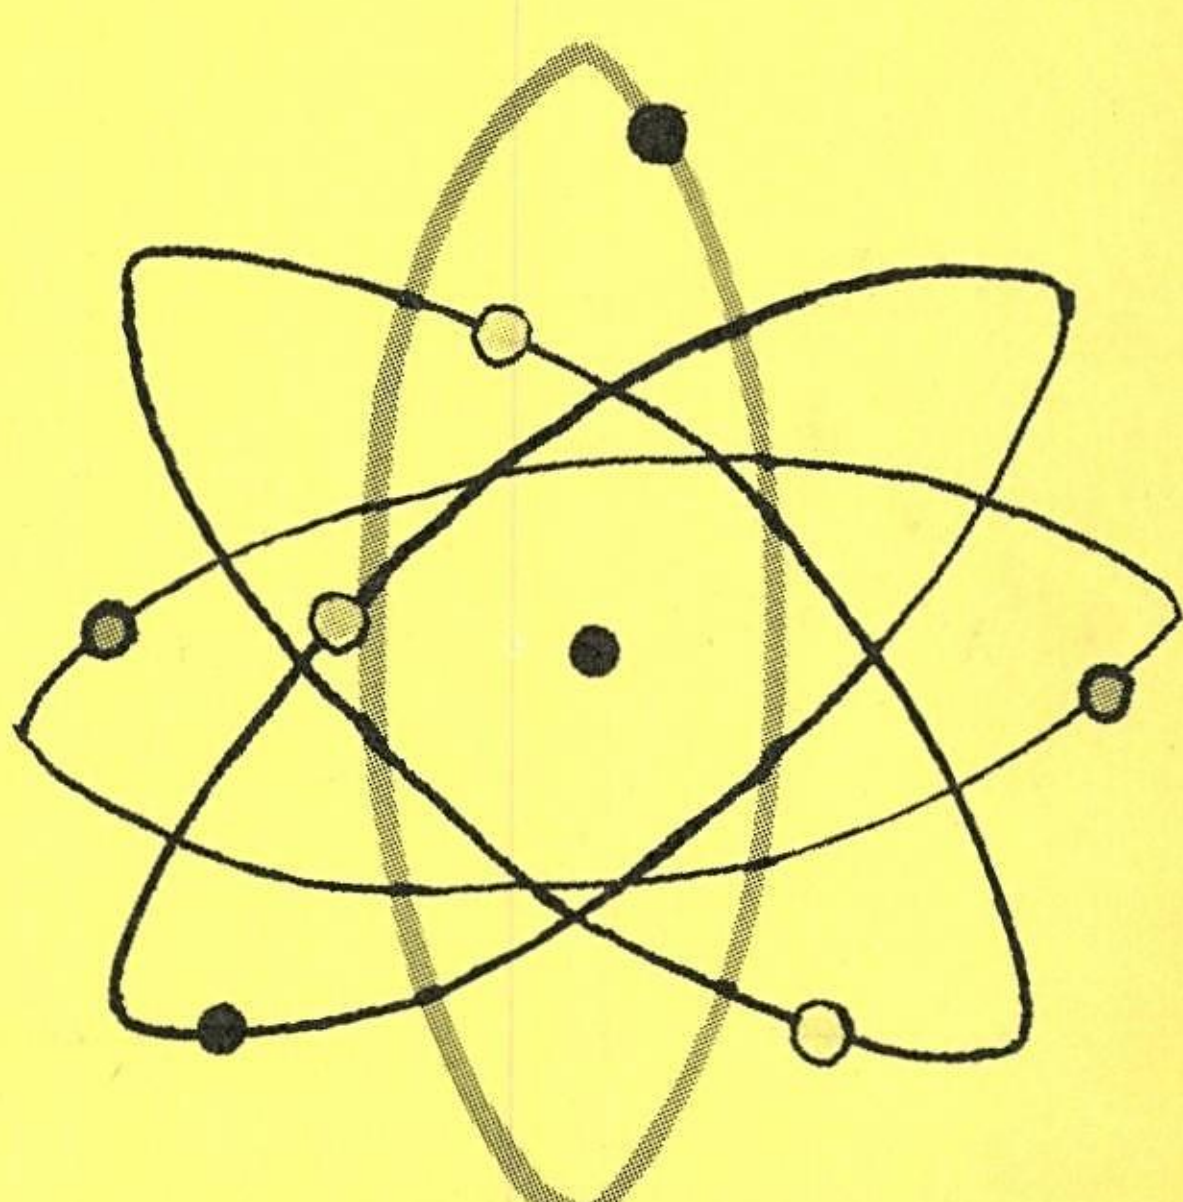

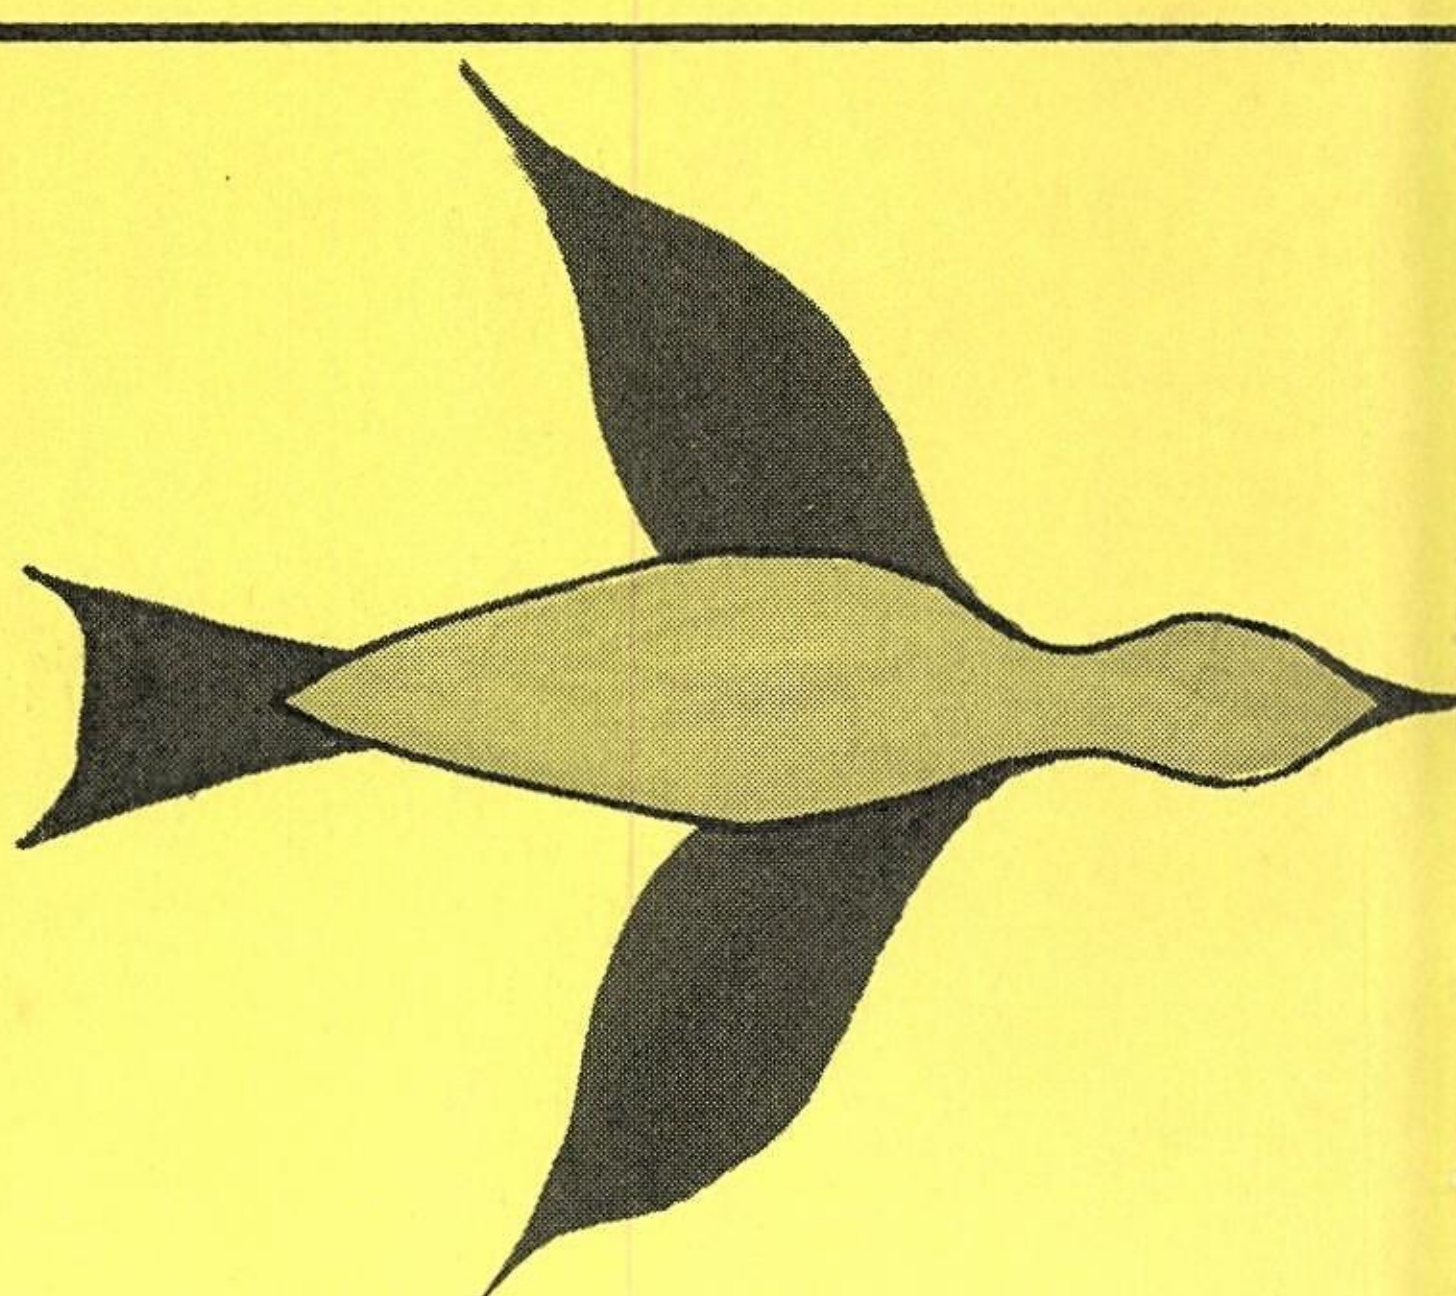

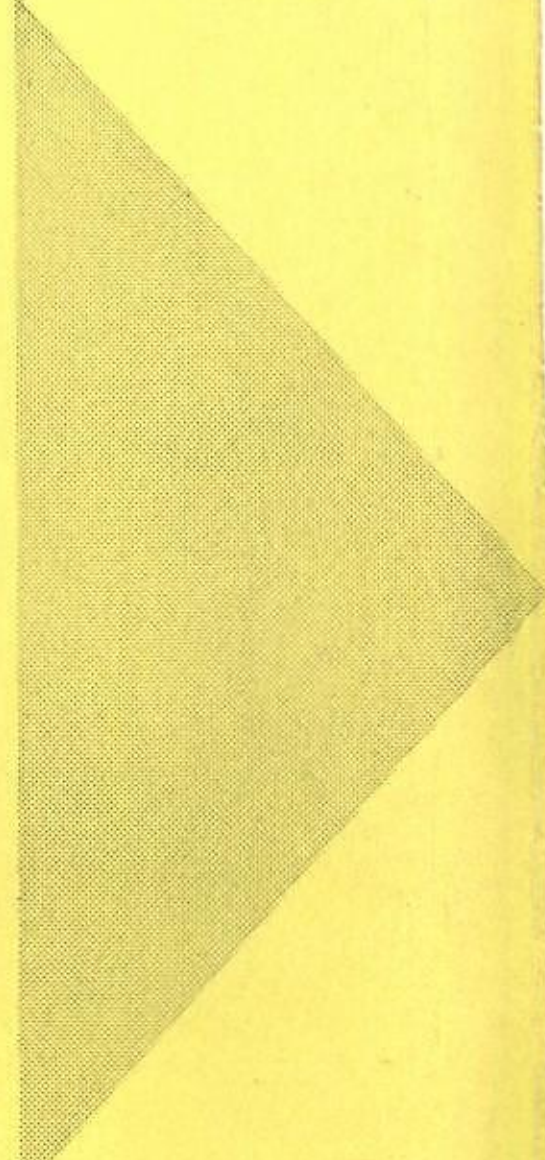

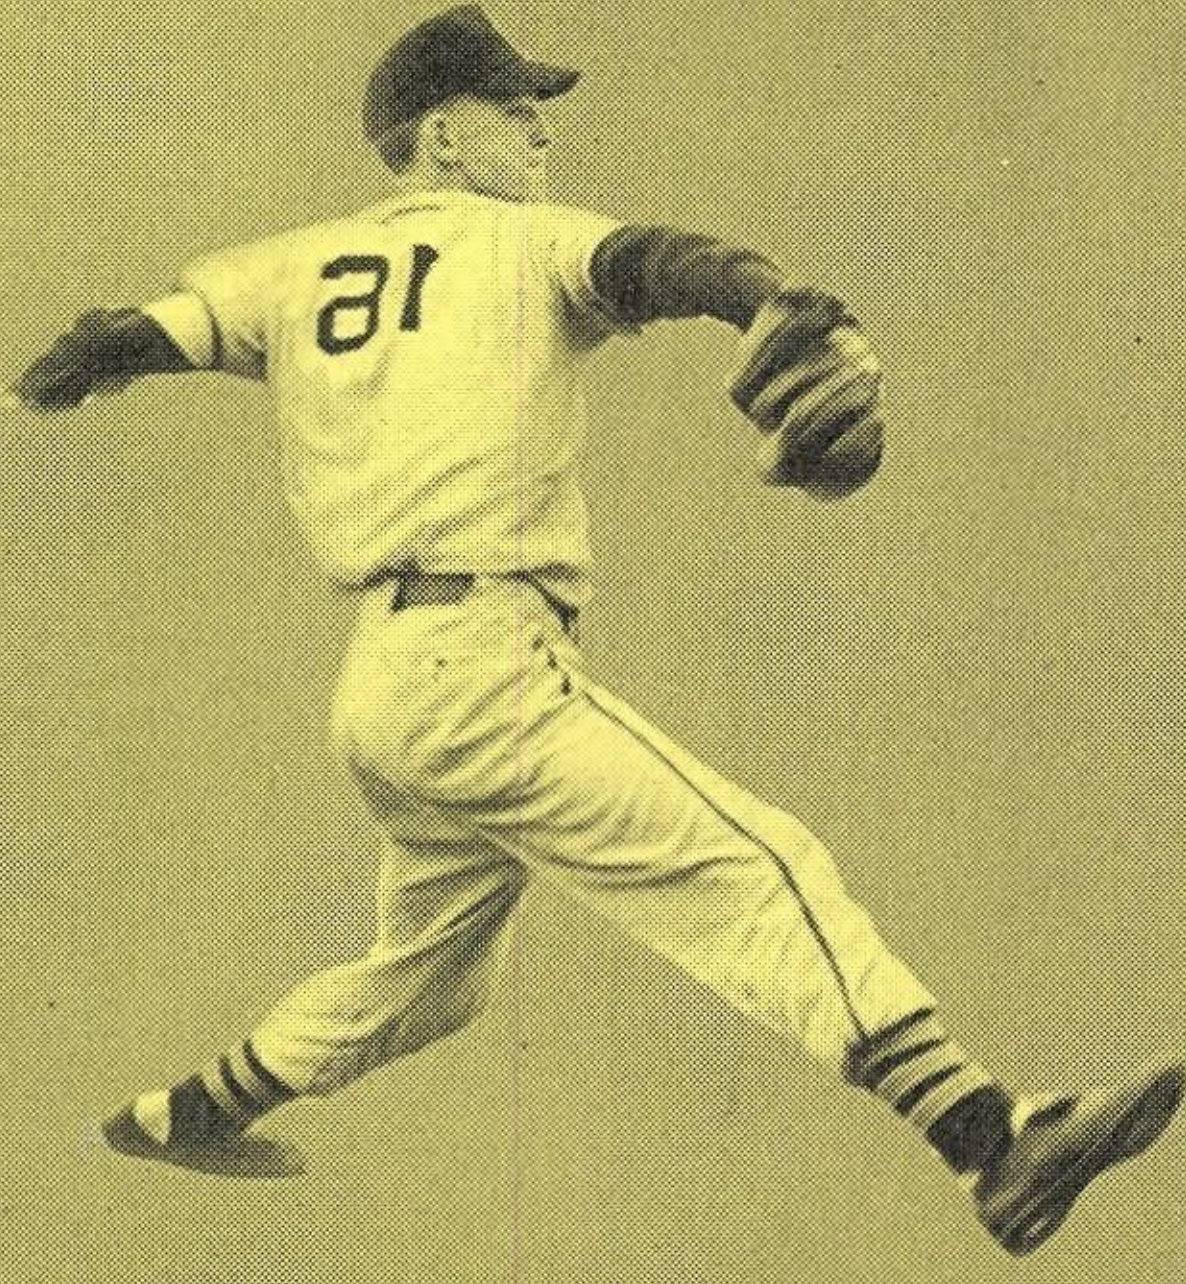

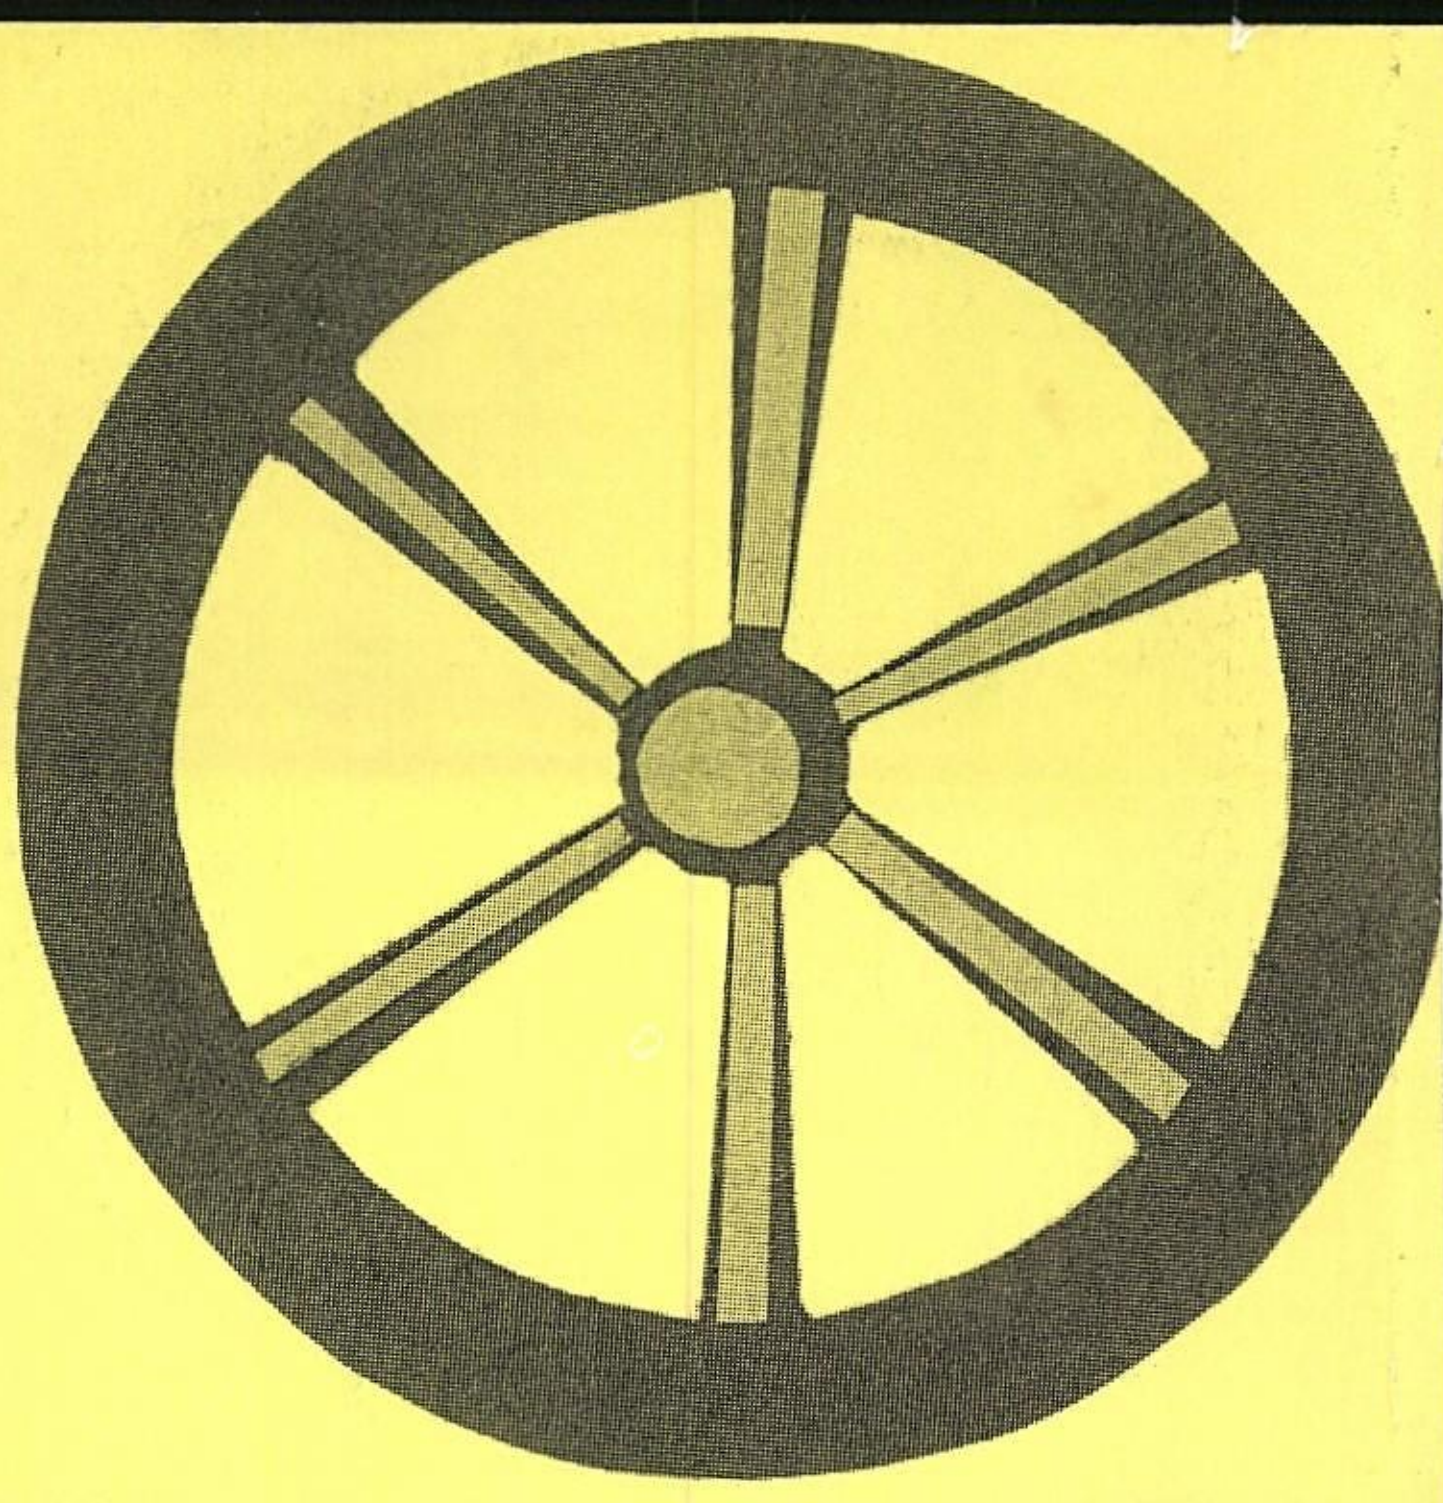

WESTERLY 1959 wishes to acknowledge with gratitude the help of the following people who have contributed to the success of MOTION: Mr. Garrison, Mr. Slattery and Mr. Sullivan, Mrs. Mac Alonan, Mrs. Sherman and Mrs. Knox, Mr. Herbert Yengel, Business Department. Mrs. Cutler, Mr. Nezin, Mr. Foster, Related Arts Department.

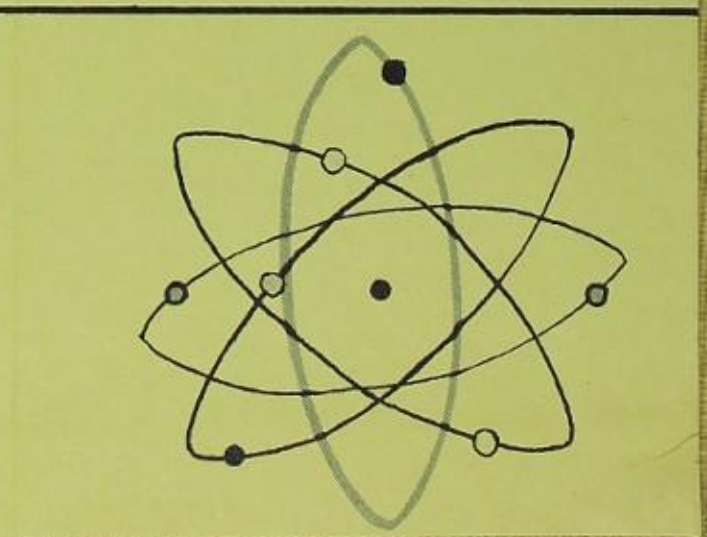

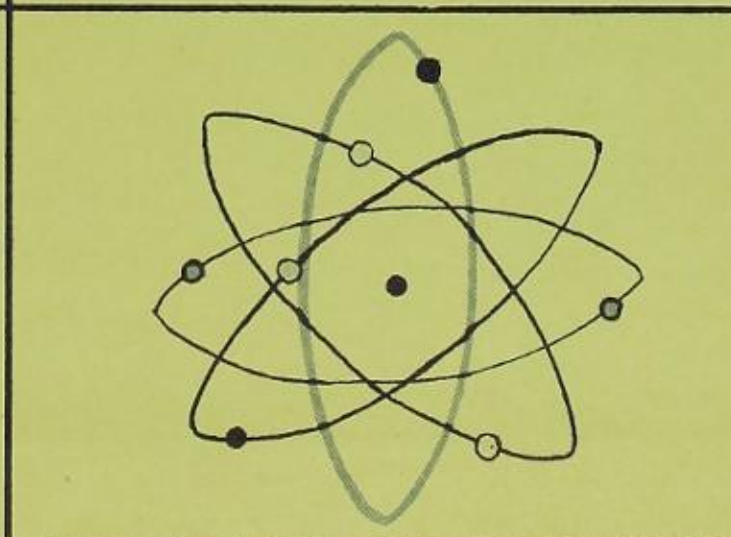

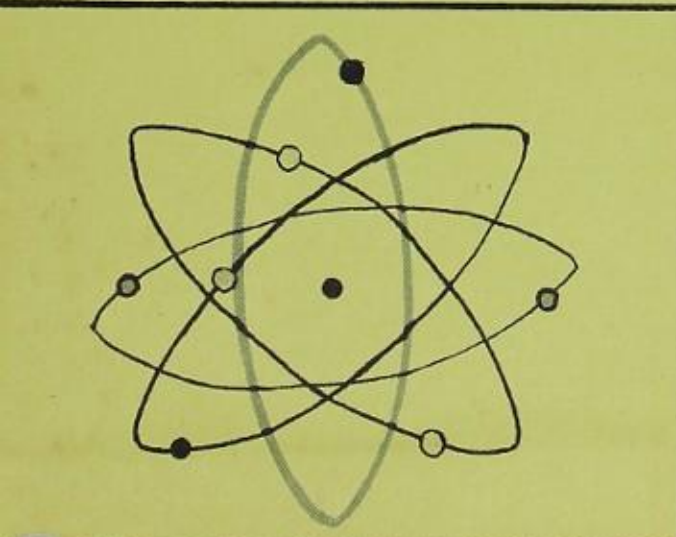

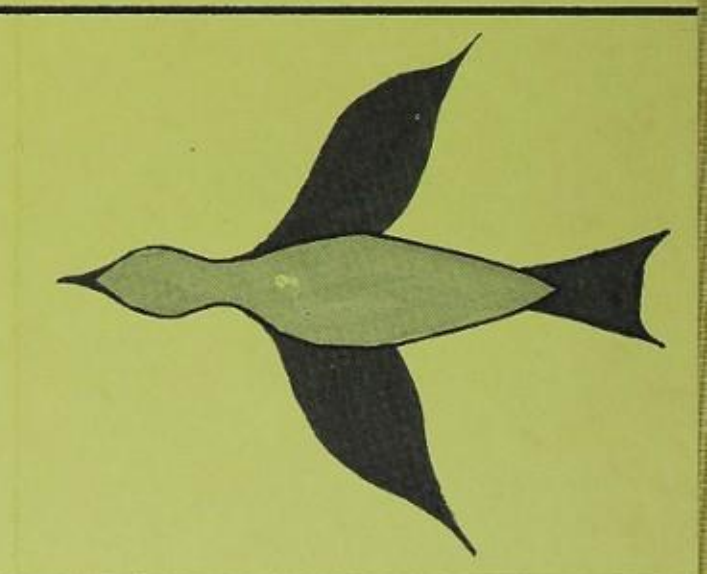

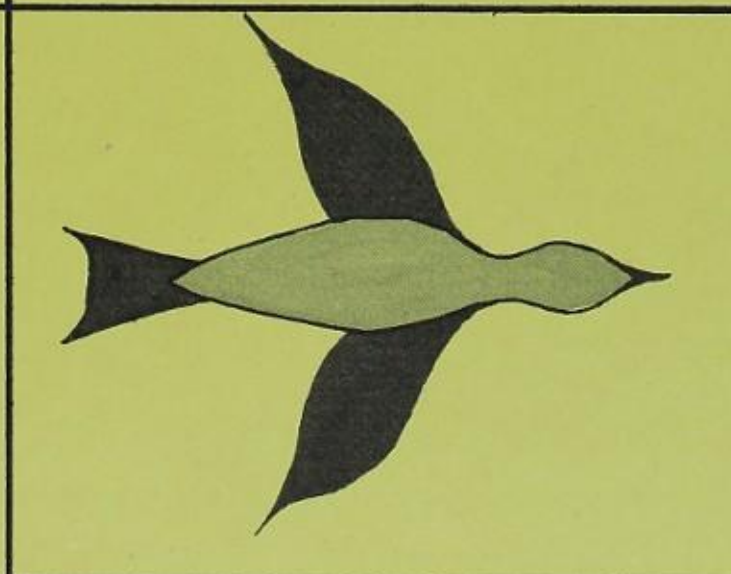

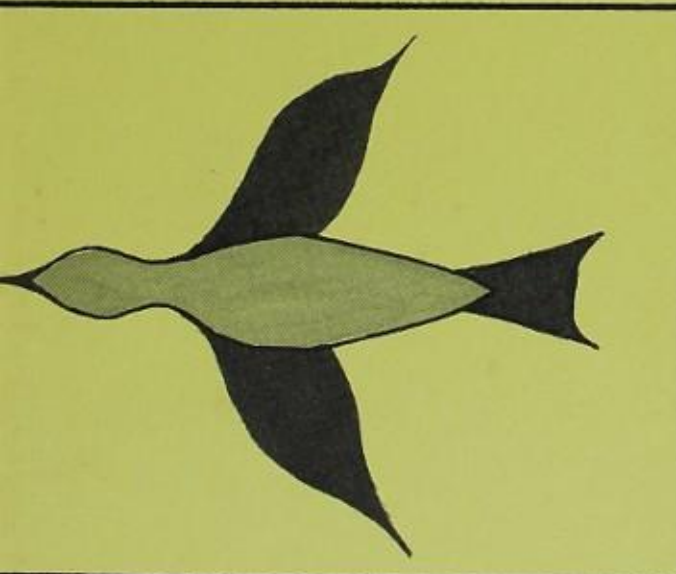

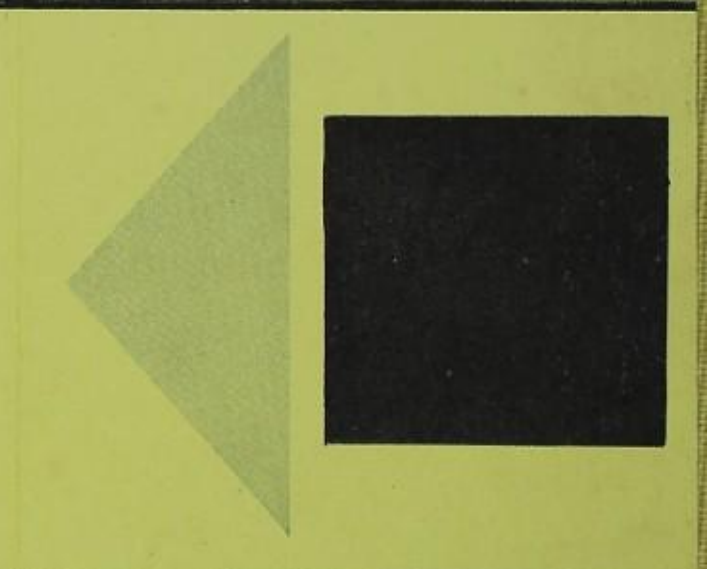

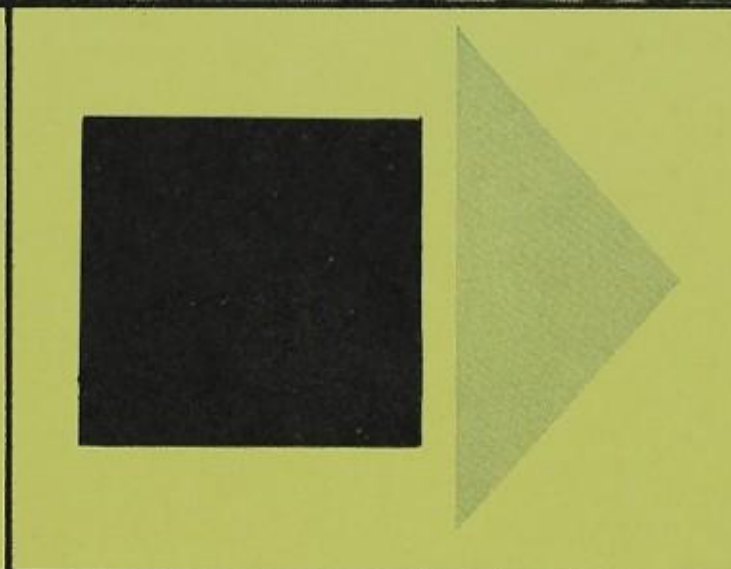

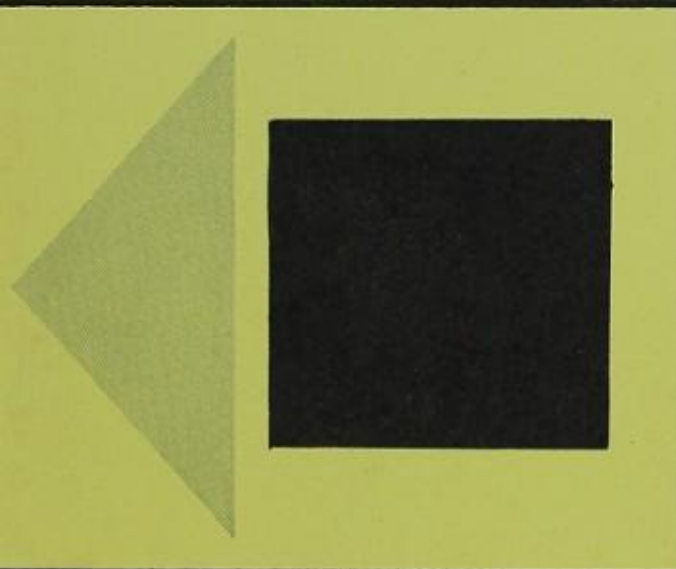

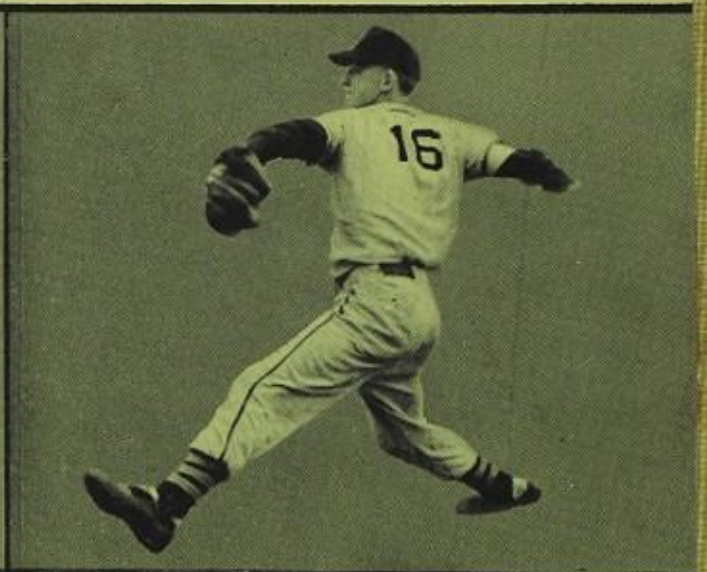

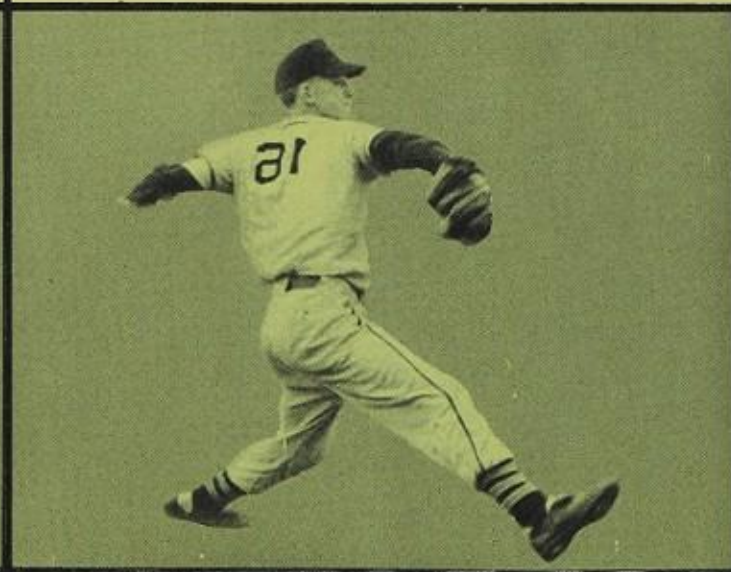

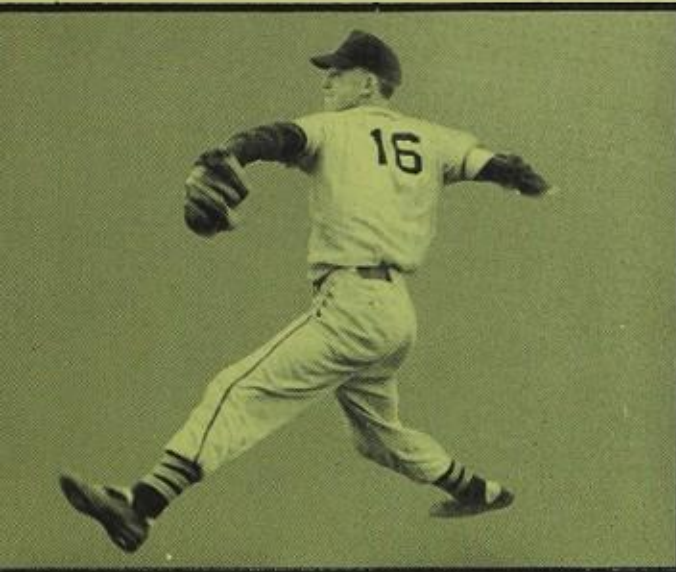

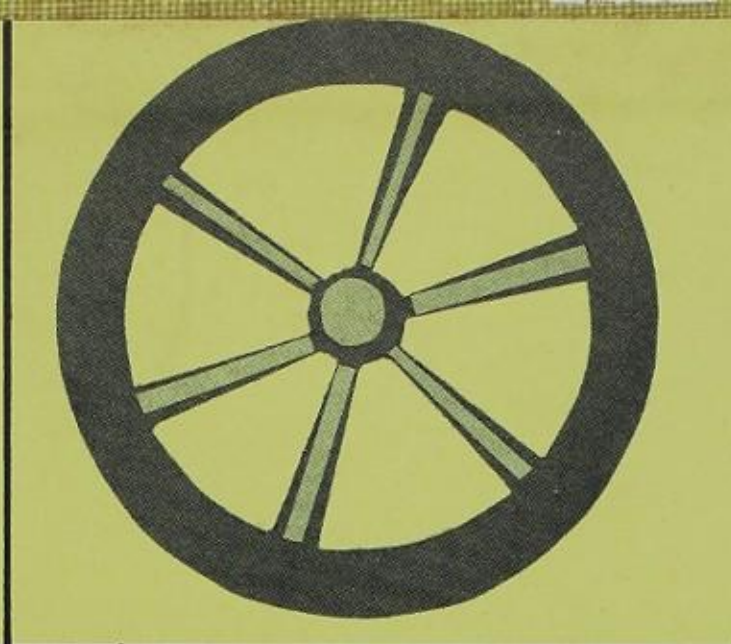

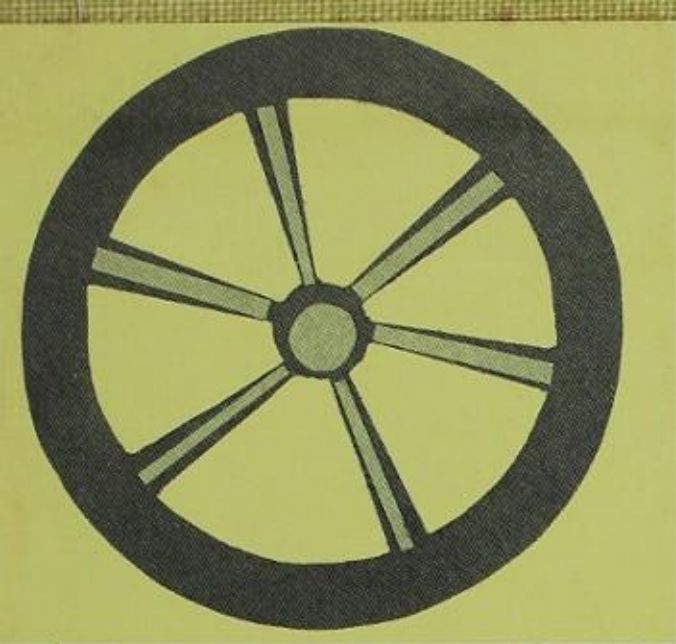

Mr. Peter Goudis and the Camera Club.

Mr. Jay Jaffee and the staff of Corydon M. Johnson Co., Inc.
